

## STREET CAR MEN WILL NOT STRIKE

**Manager Healy Submits Proposition Which Is Acceptable.**

## WAGES 20 AND 22 CENTS

The Majority of the Men Entitled to the Latter Figure—Division of Time Asked So Each Crew Will Have 10 Hours' Work.

There will be no strike of the street railway men. The dispute between the East Liverpool Railway and the members of Division No 52, Amalgamated Association of Street Railway Employees, was settled at 2:30 o'clock this morning, at a meeting of the members of the division in their rooms in the East End. Several members of the division executive committee called upon Manager Louis W. Healy, of the street railway company, yesterday, and told him of the action of the men in their rejection of the proposition which was advanced by the company a few days ago. Thereupon Mr. Healy asked for a conference with his employees at 12 o'clock at night at the power house, and this was readily granted by the men.

When the time arrived for the conference no less than 60 men were present and they were immediately asked to come into the general office, and there a proposition was presented to the men by the management as follows:

All first year men are to receive wages at the rate of 20 cents an hour until they shall have been employed on the road for one year; after that they are to receive 22 cents an hour. All men who have been in the continuous service of the company for over a year are to receive 22 cents an hour.

The men then went to their hall in the East End where the latest proposition of Healy was submitted, and after discussing the matter less than an hour, the proposition of the management was accepted, and Mr. Healy was notified.

The scale this morning was typewritten and taken to the company for the signature of the management.

The new scale requires that when the company forms a new schedule the runs, both "early and late," are to be so equalized that 10 hours will be consumed if possible, and not less than eight hours are to constitute a day's employment. While the company does not anticipate any change in the schedule just at present, something in this matter will have to be done when the new extensions are completed.

It was learned this afternoon that about 40 employees will receive 22 cents an hour, and that about 20 men will receive 20 cents an hour; which is a general advance of two cents for each employee.

The men seem grateful to the management of the road for the fair treatment that has been extended, although everything was settled to the satisfaction of all at the eleventh hour.

## NEW SCHOOL BUILDING

Plans for It Will Be Examined by Education Board Monday Evening.

At a meeting of the board of education next Monday evening plans for the new eight room school building to be built in the Bradshaw addition will be reviewed by the members of the board. A number of plans have been filed with the board, and yesterday E. E. Clepper, an architect from South Sharon, Pa., was in the city, and exhibited a number of plans to several members of the board.

As some of the members were out of the city not all were called upon, and the gentleman will sketch plans for

another building, and will be present at a meeting which will be held next Monday evening. Plans from architects from this city and in this part of the state will likely be submitted to the board. It would not be surprising to see the new building built by a home architect.

## PLANNED FOR MONTHS

**THE NOLING ELOPEMENT DELIBERATELY ARRANGED FOR.**

The Couple Might Have Departed Earlier, But For Delay in Getting Girl's Wardrobe.

It has been learned that A. M. Noling, the wife deserter, had been planning for several months to leave the city with the woman, Lizzie Hanlon, whose given name was published as Mary last evening.

For at least four months the couple are said to have been associated very intimately, and during this time Noling, it is asserted, regularly paid her room rent and board. Their reason for delaying the elopement until Monday evening was in the fact that Lizzie protested against leaving without a trunk filled with her clothes, which a woman on Thompson hill had in her possession as security for a big board bill which Lizzie was said to have contracted before meeting Noling.

After resorting to numerous schemes and finally trying in vain to have Squire McCarron issue a writ of replevin that she might obtain the clothes, the plans for the elopement were formed. Although she has paraded Lizzie protested against leaving with them during the past few years, but roomed at various places.

Word from the bedside of Mrs. Noling today is that she remains in a precarious condition and that the awful shock to her may prove exceedingly serious.

## RAILWAY DEAL HAS BEEN MADE

**East Liverpool and Canton Franchises Go to the B. & O. Company.**

## AS TO FUTURE INTENTIONS

The Gentlemen Interested Make No Predictions—A Survey Now in Progress for a Line From Lisbon to Smith's Ferry.

At Baltimore on Monday, W. L. Smith, of this city, and Col. Harry Frease, of Canton, concluded the deal for the sale to the Baltimore & Ohio Railroad of all the stock and rights of way of the Canton & East Liverpool Railway Company.

At a meeting of the directors of the latter company held yesterday afternoon at the office of Col. J. N. Taylor, this sale was confirmed. It has been stated that while a sale of the rights of way has been completed it is most likely that Col. Taylor, Mr. Smith and Mr. Frease will remain in the directory of the Canton & East Liverpool Railway Company, which will not be dissolved.

When seen this afternoon Col. Frease volunteered the following statement:

"I cannot say this time that any special significance is attached to this transaction. The transaction which has just been closed was to merely carry out the good faith and arrangement which was made and almost completed by John K. Cowen, some months before he retired from the presidency of the B. & O. Company."

As to the intention of the Baltimore & Ohio Company to build a line from this city to Canton, Mr. Frease would not make any statement, although the inference was made that something would likely be done in the near future. The East Liverpool & Canton Company will not be dissolved, as would be naturally supposed, but it will most likely remain intact. There may be something back of this announcement.

The surveyors who have been at work making a survey in the northern and western part of the county for several weeks are now working directly west of Lisbon on the Bowman farm. It has been suggested that they are B. & O. people, but this is hardly probable.

Something over a year ago the Erie Railroad company had a partial survey made starting at Youngstown of a possible line to Smith's Ferry. It is now thought that the Erie is making a complete survey of the proposed line. The old survey followed the Niles and New Lisbon road to Teegarden, where it crossed the summit to Cold run, going into the valley of West Fork of the Little Beaver creek, following the creek into the West Point coal fields, and from there straight through to Smith's Ferry, where it was intended to cross the river.

## THE TRUST PROMOTERS MEET POTTERY OWNERS

Rumors of consolidation were flying thick and fast this afternoon, but the parties interested would neither deny or affirm a report of that sort. All during the day there was a persistent rumor that the proposed merging of interests of the Knowles, Taylor & Knowles, Laughlin company, the Taylor, Smith & Taylor company and the Edwin M. Knowles plants was ripe. In fact, such a report has been in circulation for several days, but it has been impossible to secure a statement from the supposed interested parties on the deal. This afternoon when Col. John N. Taylor was asked for a statement on this matter he said: "These reports are periodical. They generally come twice a year or more often."

That is all that Col. Taylor would say about the matter. However, there is a general belief in pottery circles, that it will not be long until some action will have taken place, but so far

## THE RE-DISTRICTING BILL

Which Makes Columbus and Dayton Districts Republican Is Through the House And Likely to Become a Law—Appointments By Governor.

From a Staff Correspondent.

Columbus, May 1.—Frank L. Bussell, of Washington township, Columbiana county, arrived at the state capital Wednesday with a bill providing for a special school district to embrace parts of Washington and Yellow Creek townships of the county. The passage of the measure is desired by the residents to provide for their convenience. At Mr. Bussell's request, Mr. Crist introduced the bill. Mr. Bussell was a candidate for the Republican nomination for county clerk against Clerk John S. McNutt six years ago.

The senate on Wednesday morning passed the Burnham redistricting bill changing the Columbus and Dayton districts so as to make them Republican. There is a strong probability that the house will make the measure a law. The changes provided for in the Burnham bill are advocated by Congressman R. W. Taylor.

The general assembly has voted to adjourn on Monday, May 12. The senate yesterday adopted the report of the finance committee providing for adjournment on that date and the house concurred.

The Comings bill recodifying and extending the health laws was made a law by the senate. Local health officers are given more power for the purpose of preventing the spread of contagion. The bill to create a board of examiners for horse shoers was killed by the senate, but an effort may be made to get it reconsidered. Senator Connell is opposed to the bill. He thinks there are boards enough as it is.

The house passed the Jones bill authorizing the appointment of a state inspector of air-hose, automatic brakes and couplers. The inspector is to be paid \$1,500 annually and shall be appointed by the state commissioner of railroads. He must have had at least seven years' experience in the transportation department of some railroad.

Governor Nash announced a number of appointments Wednesday. Most of them were reappointments, among the number being State Labor Commissioner M. D. Ratchford, of Stark county, and Hon. Joseph Bishop, secretary of the state board of arbitration. Mr. Bishop was one of the early presidents of the Amalgamated association. He was instrumental in settling the big strike of the pottery girls in East Liverpool a little over two years ago. The governor will announce a number of other appointments soon. The chief examiner of the stationary engineers and the state mining inspector are among those yet to be appointed. The new stationary engineers' law goes into effect today.

Word has been received here stating that William Morgan, of Stark county, Ohio member of the executive board of the national organization of

Mine Workers, was the victim of a vicious assault at Fairmont, W. Va., on Tuesday afternoon. He has been working among the miners of West Virginia for several weeks endeavoring to get them into the union and has been meeting with no little success. On Tuesday unknown parties approached him and told him to leave town. He refused and was assaulted the afternoon of the same day. Only meagre details have been received. Mr. Morgan is well known and popular. He was elected to his present office at the last national convention.

Attorney John E. Elliot, of Lisbon, paid a business visit to Columbus on Wednesday.

## II DISPUTE SETTLED

**GILDERS' TROUBLE AT BRUNT POTTERY NOW OVER.**

**President Hughes Orders the Crew Back to Work at the Old Rate.**

The members of Gilders' and Ground Layers' local No. 19, who have been on strike at Brunt's pottery since last Friday, returned to work this morning, the dispute having been settled.

It is the opinion of those most familiar with the disagreement in question that there should not have been trouble of any kind.

Some time ago an assortment was placed in the hands of the girls, the price upon which was to have been 8 cents per dozen. The figure was satisfactory at the time, and was considered a fair remuneration.

Since that time a quantity of open stock containing the same decoration has been handled by the employees. For this article the management voluntarily granted a rate of 9 cents per dozen. The reason assigned was that the work was more annoying since it was confused with other lines, and the firm considered an additional cent on the dozen no more than proper.

Last Friday the assortment was put back, and the girls at once demanded 9 cents for it. The request was refused and they quit work.

The matter was placed in the hands of the local committee, but it failed to reach an agreement with the firm. Yesterday President Hughes took hold of the affair, and after familiarizing himself with both sides of the dispute, promptly ordered the crew to return to work at the 8-cent rate.

## THE PLUMBERS ARE NOT WORKING

**Contractors Pay No Heed to the Demand For an 8-Hour Day.**

## MEN ARE NOT STRIKING

**So They Assert, But Have Simply Quit and Propose to Look For Work Elsewhere—Position of Bosses.**

The journeymen plumbers, true to their announced intention, are out on a strike today. From present indications they are likely to remain out for some time, as a concession must be made either by them or by the bosses before they return to work.

Their day's work being finished at 5 p. m. yesterday, the journeymen notified their employers that they would not return for duty in the morning unless the contractors accept the proposition presented at the meeting held Monday evening. The bosses intimated that they would hold a meeting for further consideration of the matter, but they failed to do so, and the strike resulted.

"We are not on a strike," said one of the journeymen this morning. "We have simply quit. Of the 21 journeymen in the city at least 18 of us will leave within a week for other cities. Plumbers are in demand everywhere and we have no fear in regard to securing work. Our proposition to the bosses is a fair one. We have simply asked for a shorter day."

"Eight hours per day is enough for any man to work, and that is what we demand. We altered the first proposition by cutting out the demand for an increase of 50 cents on the day, but we positively will not change the hour scale. If they do not give us an eight hour day with seven hours on Saturday we are done for good."

The bosses are as determined as the journeymen and state that if a concession is made it will fall to the lot of the men. "The journeymen were working little enough at nine hours per day," said a boss, "and if we were to give them an eight-hour day they would do still less. We do not intend to hold a meeting to further consider the proposition. As far as we are concerned, the ultimatum has been reached. It is up to the journeymen now, and they can do as they please. It is true that we will be somewhat handicapped in finishing contracts now on hand, but we will manage in some way to do the work."

In labor circles today the strike discussed at length. Predictions as to the result are rather evenly divided.

An individual whose business it is to advertise a theatrical company, made his appearance on Fourth street at noon today about the time the scholars were dismissed from the Cenarl building. He was arrayed in a clown suit of gaudy colors, and rode a bicycle. As an advertising scheme he was a success, but he had not reckoned upon the faculty for mischief possessed by the East Liverpool small boy.

About 200 of the youngsters surrounded the stranger and he was compelled to alight from the wheel and make a break for the open. He succeeded, but it would have been better had he stayed. The crowd followed to Fourth and Washington streets, where the advertising man made a break for Second street. The boys made a raid upon the potato barrels at a neighboring grocery, and the theatrical advertiser was taken down Washington street at a rate that surprised everyone. At every jump he was pelted with a potato or a stone. This was continued until the fugitive took refuge in a hotel on Second street, where he remained for several hours.

**Alumni Association Meeting.**

Cards have been issued to the graduates of the East Liverpool high school, requesting their presence at a meeting this evening at 7:15 o'clock in the high school rooms at the Central building. The purpose of the meeting is to organize.

The matter was placed in the hands of the local committee, but it failed to reach an agreement with the firm. Yesterday President Hughes took hold of the affair, and after familiarizing himself with both sides of the dispute, promptly ordered the crew to return to work at the 8-cent rate.

## COMPLIMENT GIVEN

To a Bridal Couple After 'Squire McCarron Had Pronounced the Fateful Words.

"It is seldom, young folks, that I have the pleasure of officiating at a ceremony such as this, especially at one in which the contracting parties are as beautiful as you," said Squire McCarron to Miss Jessie Wigal and Harry Mossman last evening, after pronouncing the words which united them forever.

A reporter was the only witness to the ceremony and he heartily agreed with the 'squire. Both are well known in the city, having made it their home for years. The groom is a teamster and a young man of sterling worth.

## ASKED TO VACATE

Legal Action Taken to Compel a Tenant to Quit His Rooms.

An action of forcible detention has been entered in Squire McCarron's court by Fred Vaughn, who asks that Daniel Wise be ordered to vacate two rooms at the corner of Washington and Second streets. The rooms are the property of Vaughn, who states that he notified Wise to leave April 1, and he refused to do so; also that he again refused to leave upon another notification.

The legal papers were served today by Constable Powell and the trial has been set for Monday, May 5.

## THE PLUMBERS ARE NOT WORKING

Contractors Pay No Heed to the Demand For an 8-Hour Day.

## MEN ARE NOT STRIKING

So They Assert, But Have Simply Quit and Propose to Look For Work Elsewhere—Position of Bosses.

The journeymen plumbers, true to their announced intention, are out on a strike today. From present indications they are likely to remain out for some time, as a concession must be made either by them or by the bosses before they return to work.

Their day's work being finished at 5 p. m. yesterday, the journeymen notified their employers that they would not return for duty in the morning unless the contractors accept the proposition presented at the meeting held Monday evening. The bosses intimated that they would hold a meeting for further consideration of the matter, but they failed to do so, and the strike resulted.

"We are not on a strike," said one of the journeymen this morning. "We have simply quit. Of the 21 journeymen in the city at least 18 of us will leave within a week for other cities. Plumbers are in demand everywhere and we have no fear in regard to securing work. Our proposition to the bosses is a fair one. We have simply asked for a shorter day."

"Eight hours per day is enough for any man to work, and that is what we demand. We altered the first proposition by cutting out the demand for an increase of 50 cents on the day, but we positively will not change the hour scale. If they do not give us an eight hour day with seven hours on Saturday we are done for good."

The bosses are as determined as the journeymen and state that if a concession is made it will fall to the lot of the men. "The journeymen were working little enough at nine hours per day," said a boss, "and if we were to give them an eight-hour day they would do still less. We do not intend to hold a meeting to further consider the proposition. As far as we are concerned, the ultimatum has been reached. It is up to the journeymen now, and they can do as they please. It is true that we will be somewhat handicapped in finishing contracts now on hand, but we will manage in some way to do the work."

In labor circles today the strike discussed at length. Predictions as to the result are rather evenly divided.

## PUT TO FLIGHT

ADVERTISING MAN DID NOT KNOW SMALL BOYS' WAYS.

Attracted a Crowd and Was Pelted Until Forcer to Flee.

An individual whose business it is to advertise a theatrical company, made his appearance on Fourth street at noon today about the time the scholars were dismissed from the Cenari building. He was arrayed in a clown suit of gaudy colors, and rode a bicycle. As an advertising scheme he was a success, but he had not reckoned upon the faculty for mischief possessed by the East Liverpool small boy.

About 200 of the youngsters surrounded the stranger and he was compelled to alight from the wheel and make a break for the open. He succeeded, but it would have been better had he stayed. The crowd followed to Fourth and Washington streets, where the advertising man made a break for Second street. The boys made a raid upon the potato barrels at a neighboring grocery, and the theatrical advertiser was taken down Washington street at a rate that surprised everyone. At every jump he was pelted with a potato or a stone. This was continued until the fugitive took refuge in a hotel on Second street, where he remained for several hours.

Alumni Association Meeting.

Cards have been issued to the graduates of the East Liverpool high school, requesting their presence at a meeting this evening at 7:15 o'clock in the high school rooms at the Central building. The purpose of the meeting is to organize.

## EAST END

### NEW GENERAL MANAGER

For the East End Sewer Pipe Plant is James E. Anderson.

Quite a change has been made in the management of the East End sewer pipe works, known in the combine as plant No. 3. For several years James E. Anderson has been general manager of the two Walker plants, known as plants No. 4 and 5, and yesterday he was transferred to the East End by District Superintendent T. F. Anderson. He will look after the work formerly attended to by Superintendent Arthur Shinn, of Georgetown, who was employed at the East End plant for a number of years. Mr. Anderson is succeeded at the Walker plants by a Ulrichsville man, who has been transferred from that factory to Walker.

### SEEN IN THE EAST END

A. M. Noling Was in That Quarter of the City on Monday Evening.

A. M. Noling, the individual who made life miserable for his wife by eloping with a woman notorious in the lower part of the city, was in the East End Monday evening, and while there it is alleged spent money freely in several saloons. He stated that he was going to Mansfield to visit a brother who was injured in a runaway, and at that time several persons whom he was "treating" thought all was not right by his actions. He was in the East End about 6:30 p. m. and remained there but a short time, saying that he was going to take the late train west that evening.

### Splinter in the Hand.

Henry Schneider, employed at the East End sewer pipe works, met with an injury several days ago that is causing him much worry, and which nearly caused him to lose the use of his left hand. While doing some work about the shop he accidentally ran a splinter in his hand and at the time nothing was thought of the matter. The particle of wood was allowed to remain in the flesh and it was not long until the hand commenced to swell. A physician was consulted, but at that time not much relief was gained. Finally the hand became sore, but during the past few days it has commenced to improve.

### A Wall of Sewer Pipe.

The East End sewer pipe workmen have completed the erection of a "pipe wall" on Virginia avenue, on the west side of the stock yards. This wall is made of sewer pipe and the pipe is piled three high the entire length of the yard. There is quite a contrast in the appearance of this part of the street to what it was several years ago, when pipe was lying almost out in the roadway.

### Struck a Guy Wire.

William Hays, while riding along Pennsylvania avenue in a buggy last evening, had the top of his buggy taken off by running it against a guy wire extending from a telephone pole to the ground. The buggy was not going very fast or the accident would have been serious.

### EAST END AFFAIRS.

Mrs. Fryle, of Chafinville, is ill with measles.

Raymond Chambers, of Pennsylvania avenue, is very ill.

Mrs. Jesse Wright, of Pennsylvania avenue, is ill with typhoid fever.

A little daughter has been born to Mr. and Mrs. Charles Fouts, of Mulberry street.

Grant McDade, of St. George street, who recently returned home from a course at the Ohio State university, is ill at his home with a severe attack of the grip.

W. V. Baird, of Seio, and T. E. Baird, of Toledo, who have been visiting their cousin, Postmaster William Baird, of the East End, have returned to their homes.

Rev. J. Ross Greene, formerly pastor of the Second U. P. church, but now located at South Sharon, Pa., was in the East End yesterday calling on friends. He returned to his home in the afternoon.

### Could Fill the Paper With Them.

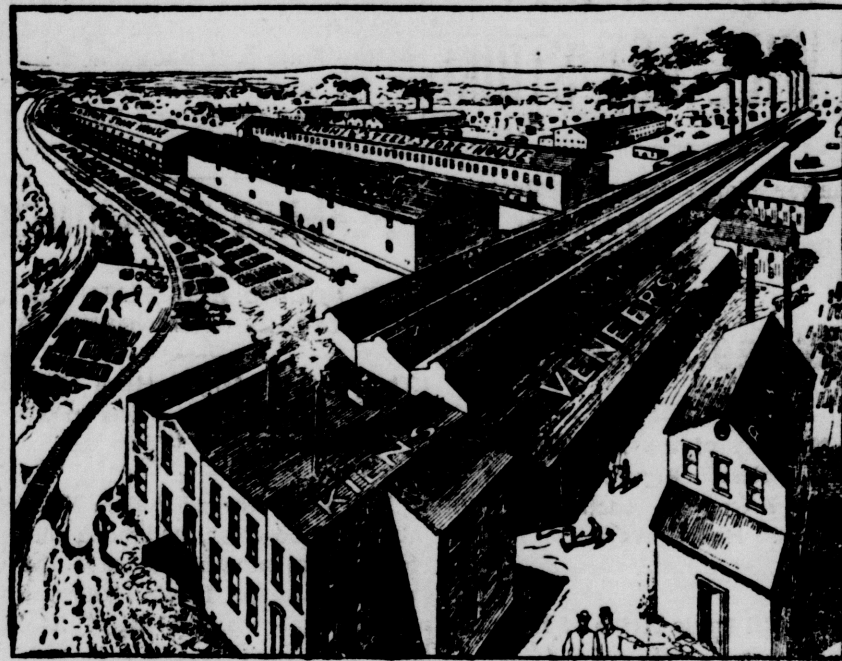

This paper might be filled with items like the following and every one is the absolute truth: I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottle of which cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by Alvin H. Bulger.

### Have Something With Me? Certainly.

Quite a change has been made in the management of the East End sewer pipe works, known in the combine as plant No. 3. For several years James E. Anderson has been general manager of the two Walker plants, known as plants No. 4 and 5, and yesterday he was transferred to the East End by District Superintendent T. F. Anderson. He will look after the work formerly attended to by Superintendent Arthur Shinn, of Georgetown, who was employed at the East End plant for a number of years.

Mr. Anderson is succeeded at the Walker plants by a Uhrichsville man, who has been transferred from that factory to Walker.

### SEEN IN THE EAST END

A. M. Noling Was in That Quarter of the City on Monday Evening.

A. M. Noling, the individual who made life miserable for his wife by eloping with a woman notorious in the lower part of the city, was in the East End Monday evening, and while there it is alleged spent money freely in several saloons. He stated that he was going to Mansfield to visit a brother who was injured in a runaway, and at that time several persons whom he was "treating" thought all was not right by his actions. He was in the East End about 6.30 p. m. and remained there but a short time, saying that he was going to take the late train west that evening.

### Splinter in the Hand.

Henry Schneider, employed at the East End sewer pipe works, met with an injury several days ago that is causing him much worry, and which nearly caused him to loose the use of his left hand. While doing some work about the shop he accidentally ran a splinter in his hand and at the time nothing was thought of the matter. The particle of wood was allowed to remain in the flesh and it was not long until the hand commenced to swell. A physician was consulted, but at that time not much relief was gained. Finally the hand became sore, but during the past few days it has commenced to improve.

### A Wall of Sewer Pipe.

The East End sewer pipe workmen have completed the erection of a "pipe wall" on Virginia avenue, on the west side of the stock yards. This wall is made of sewer pipe and the pipe is piled three high the entire length of the yard. There is quite a contrast in the appearance of this part of the street to what is several years ago, when pipe was lying almost out in the roadway.

### Struck a Guy Wire.

William Hays, while riding along Pennsylvania avenue in a buggy last evening, had the top of his buggy taken off by running it against a guy wire extending from a telephone pole to the ground. The buggy was not going very fast or the accident would have been serious.

### EAST END AFFAIRS.

Mrs. Fryley, of Chaffinville, is ill with measles.

Raymond Chambers, of Pennsylvania avenue, is very ill.

Mrs. Jesse Wright, of Pennsylvania avenue, is ill with typhoid fever.

A little daughter has been born to Mr. and Mrs. Charles Foutts, of Mulberry street.

Grant McDade, of St. George street, who recently returned home from a course at the Ohio State university, is ill at his home with a severe attack of the grip.

W. V. Baird, of Scio, and T. E. Baird, of Toledo, who have been visiting their cousin, Postmaster William Baird, of the East End, have returned to their homes.

Rev. J. Ross Greene, formerly pastor of the Second U. P. church, but now located at South Sharon, Pa., was in the East End yesterday calling on friends. He returned to his home in the afternoon.

Could Fill the Paper With Them.

This paper might be filled with items like the following and every one the absolute truth: I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by Alvin H. Bulger.

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Sweinhart, of Huntsville, Ala., he says:

"An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give Dr. Miles' Pain Pills

and Nerve Plasters a trial. In three days I was again on my route and in two weeks I was free from pain and gaining in flesh and strength."

### BROUGHT TO LIGHT

East Liverpool People Receiving the Full Benefit.

There have been many cases like the following in East Liverpool. Everyone relates the experience of people we know. These plain straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Mrs. William Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. They told me I had gravel, and a little relief was all I could expect. I suffered terribly for two or three years alternately better and worse with severe pains across the small of my back and up my side. The pains were so severe that I was often compelled to stay in bed, not being able to get up. My limb swelled so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. pharmacy. Having seen them so highly recommended by others I took them, and am grateful to say they helped me almost at once."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### Funeral of Sol Smith Russell.

Washington, May 1.—Funeral services over the remains of Sol Smith Russell, the actor, were held yesterday afternoon at the residence of Frederick Berger, Mr. Russell's brother-in-law and lifelong friend. Rev. Dr. Perry, of St. Andrew's Episcopal church, officiated. The remains were interred in Rock Creek cemetery. The floral offerings were numerous and beautiful.

## IN NAME OF CHRIST

And Humanity Church Should Protest Against Brutalities of American Soldiers,

SAID BISHOP WM. LAWRENCE.

He Then Uttered a Protest, in Behalf of the Protestant Episcopal Diocese of Massachusetts—Spoke at the 117th Annual Convention.

Boston, May 1.—In his address to the one hundred and seventeenth annual convention of the Episcopal diocese of Massachusetts, yesterday, Bishop William Lawrence discussed at some length the situation in the Philippines, saying in part:

"Within the last few weeks responsible men, soldiers and officials of the government have made statements of cruel and barbarous treatment of the Filipinos by our men, acting under orders of superior officers, of methods of warfare which are condemned by civilized nations and are contrary to the regulations of our army. It behooves the church to speak, and in the name of the Master and of humanity to utter her solemn protest. This in behalf of the diocese I now do."

### WANT GARDENER IMMEDIATELY

Patterson Resolution Went Over in Senate—Lodge Said Major Would Come in Time.

Washington, May 1.—A resolution offered in the senate yesterday by Mr. Patterson, of Colorado, directing the secretary of war to order by cable Major Gardener, now in the Philippines, to come immediately to Washington, to appear as a witness before the Philippine commission, precipitated a warm discussion. The debate continued for about two hours, considerable feeling being manifested on both sides of the chamber. The charge was made by the minority that the majority of the committee was endeavoring to suppress facts and information. This was denied by the chairman of the committee, Mr. Lodge, who said that any such action would be inconceivably stupid. All parties, he insisted, were anxious for the fullest information, but he and others contended that it would not be advisable to cable to the Philippines for Major Gardener, as he was about to come home and would be here in time to appear before the committee. Mr. Patterson and Mr. Carmack, of Tennessee, urged that Gardener's testimony was particularly important, and that it ought to be had before action was taken on the pending bill. The resolution finally went over until today.

The bill for the purchase of the Rosebud reservation in South Dakota and the sundry civil appropriation bill were considered, but no action was taken on them.

### GOVERNMENT TO BLAME?

Did General Smith Issue His Orders Under the Old General Order 100.

Washington, May 1.—It was announced at the war department yesterday that its answer to the resolution proposed by the military affairs committee of the house as to the nature of the instructions sent to General Jacob Smith from Washington for his guidance in the Samar campaign will be very brief. According to the officials, no orders on this subject were sent to General Smith from Washington, and the officer acted entirely under the instructions of his immediate superior, General Chaffee. It also declared that General Chaffee was not instructed from Washington as to the kind of warfare to be waged in Samar.

The nearest step in that direction was the republication as a guide for the army of general order 100, the department taking this means of calling attention to the fact that the order was still in force. If the court martial now trying General Smith accepts the view that this order is in as full effect now as when it was promulgated in the days of civil war, then it is predicted here at the department that General Smith will rely for his acquittal upon article 30 of that order, which authorizes a suspension of all rules of civilized warfare and retaliation when the enemy acts in a similar manner.

### FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by A. H. Baker.

Knox Sends Sharp Telegram to a New York Club.

Washington, May 1.—Attorney General Knox addressed a telegram to the Republican club, of New York city, containing the following:

"Answering your letter of April 29, your action requesting representatives of packing companies to meet me is unwarranted by my letter of April 28, and was without my knowledge or any intimation to me that you proposed doing so until receipt of your letter of April 28, to which I replied by telegraph, to the effect that I knew of no interest of government to be subserved by such a conference. Under the circumstances, therefore, I must decline to be present. I regret that you have assumed to arrange conferences which misrepresent the government's position."

May is going to be somewhat nota-  
ble in this city for entertainments and  
special celebrations. Next week  
comes the Carnegie library dedication,  
an event to which everybody has look-  
ed forward for months as marking an  
epoch in the city's progress. It is an  
institution in which the whole city  
may well take pride, and there is no  
fear that its advantages will not be  
well appreciated from the start or that  
the library will not be better and bet-  
ter patronized with each succeeding  
year. A large and elaborate entertain-  
ment in which the ladies' auxiliary  
and the Y. M. C. A. are interested  
closely follows this event. Commem-  
oration, always an interesting and  
important occasion, comes also this  
month, besides more than the usual  
number of minor entertainments and  
anniversaries. Altogether the present  
month gives promise of much activity,  
both intellectually and socially.

"In defeating the bill providing for  
general primary elections in Ohio to  
be held by both parties on the same  
day, at the same booths," says the To-  
ledo Blade, Republican, "the members  
of the house have not carried out the  
wishes and demands of their constitu-  
ents. Republicans and Democrats  
have for several years urged the pas-  
sage of a general primary law. At  
this time there is not a method under  
which candidates are nominated and  
delegates selected which is free from  
abuses."

A Lisbon paper pokes fun at Wells-  
ville, because, it alleges, Wellsville  
has more cases in police court arising  
from fights between women than any  
other town in the county. Wellsville  
will probably retort that she has a  
fashion of arresting those who fight,  
and that her alleged unenviable dis-  
tinction is really something to her  
credit.

East Liverpool is fortunate in hav-  
ing no May day strikes or other dis-  
putes that are in any way serious. Al-  
though it is frequently argued that  
strikes are an evidence of prosperity,  
it is indisputable that busy and con-  
tented workmen, all earning good  
wages, are a much better evidence of  
that ever desirable condition.

The president is not likely to worry  
over the hostility which the men in-  
terested in trusts are displaying  
against him. The more effort he puts  
forth to remedy existing abuses of cor-  
porate power the greater will be his  
popularity with the great majority of  
Americans.

The threat of the meat packers to  
consolidate their establishments under  
a single company will not deter the  
prosecution about to be instituted by  
the attorney general. If the govern-

ment only has one company to fight,  
matters will greatly simplified.

Carnegie, before departing for Scot-  
land, made out a list of 20 cities  
which are to be given libraries as  
mementoes of his visit. As long as  
his money and his disposition to give  
hold out, large sections of America are  
hoping he will come often.

A Chillicothe belle has wedded a  
section hand. But, as her husband is  
a millionaire and merely worked at  
railroading to learn the business and  
be useful, she is not likely to lose her  
place in society.

Columbiana county Prohibitionists,  
numerous and influential as they were  
in the state convention, allowed other  
counties to preempt all the places on  
the state ticket. Perhaps they did so  
intentionally.

The anti-saloon league and the Pro-  
hibition party of Ohio are at odds.  
Those who are laboring for the same  
causes ought to be pulling together,  
instead of pulling apart.

## OBITUARY

Hugh Irwin.

Hugh Irwin, aged 95 years, died last  
night, at 10 o'clock, at his home in  
Caleutta, after a short illness. He  
was the proprietor of the Caleutta  
hotel and was well known over the  
county. A wife, one son and three  
daughters, all residents of Caleutta,  
and a brother, Robert Irwin, of East  
Liverpool, are his survivors. The fun-  
eral services will be held tomorrow af-  
ternoon at 2.30 o'clock.

which meets at Trenton next Monday  
morning, left this city this morning at  
5 o'clock. The party was composed of  
George Smith, secretary of kilnmen's  
local No. 9; National Treasurer John  
Wood, and Samuel Steel. The first  
named two will go through to Tren-  
ton, while Mr. Steel will go to Wil-  
mington, Del., where he will remain a  
day or so visiting relatives. President  
Hughes and Secretary Duffy intended  
to leave this morning, but their going  
was delayed until this afternoon. For  
the past few days these gentlemen  
have been busily working on their an-  
nual reports, which they will present  
to the convention in full. The formu-  
lating of these reports is no small  
task and the work is rather laborious.  
The majority of the delegates will  
leave Saturday morning, making the  
trip to Philadelphia in day time and  
remaining in the Quaker City until  
Sunday evening, when they will go to  
Trenton.

Warehouse women's local No. 62  
will meet this evening in the hall on  
Washington street. This local was  
taken into the Brotherhood just a few  
weeks too late to allow representa-  
tion at the Trenton convention. How-  
ever, at the '03 convention, it is likely  
the local will have ten delegates  
present. Certainly it will if its mem-  
bership continues to grow as rapidly  
in the future as it has in the past.

At the last session of printers' and  
transferers' local No. 32, three new  
lady members were obligated and one  
printer. It is evident that the fair sex  
is taking quite an interest in the  
working of this local and within the  
past month an interest in the working  
of this local, and within the past  
month the names of a large number  
of ladies have been added to the mem-  
bership rolls.

It seems that at one time or an-  
other all the pottery workers of this  
city who take positions in new shops  
outside the city return to their for-  
mer home. The latest to follow this  
custom is John Allison, a kilnman,  
who has been working at the Sebring  
pottery at Sebring. He has removed  
his family to this city.

Collins Evans, manager of the dec-  
orating department of the Lisbon pot-  
tery, who has been in the city for  
several days, has returned to his  
home. It was said that Mr. Evans was  
in the city looking for help, but it has  
not been learned whether he was suc-  
cessful.

One matter that will be brought be-  
fore the convention at Trenton is the  
recent dispute between the finishers  
and jiggermen. A member of No. 12  
has stated that he was pleased at this  
action of the finishers, as the whole  
matter could be talked over and set-  
tled finally.

Eugene Bradshaw, who has been in  
the city for several weeks, left yester-  
day for Niles, where he will remain  
several days looking into the affairs of  
the Niles Pottery company. From  
there he will go to Chicago and will  
not return until about May 15.

At a recent meeting of Jiggermen's  
local No. 12, transfer cards were re-  
ceived from James Evans, from Se-  
bring, and Edward Stevens, from  
Wheeling. Both these men have been  
working in this city for several weeks.

During the absence of Recording  
Secretary George Smith, of kilnmen's  
local No. 9 at Trenton, his office will  
be looked after by Samuel Osborne.  
The gentleman will have the doings of  
two meetings to record.

Joe Pollock, who has been employed  
as a saggermaker at the Wallace &  
Chetwynd plant for many months, has  
resigned his position and can now be  
found on an East Liverpool & Rock  
Springs street car.

Miss Emma Brooke, a rubber at the  
Chetwynd plant, has been unable to  
work for several days on account of  
illness.

It is stated that the Globe is enjoy-

ing a better business now than for  
some time. This plant seems to be op-  
erating quite full and some very large  
orders have been sent there within the  
past few weeks.

W. C. Brown, one of the salesmen  
for the Dresden, who has been in the  
city for the past few days, left yester-  
day morning for a trip through the  
middle states. He will be gone about  
six weeks.

S. Keller, a scheme buyer, has been  
in this city several days placing some  
extensive business. It is stated that  
orders amounting to about four car-  
loads were left with the Thompson  
company.

Kilnmen's local No. 9, at their last  
meeting, advanced each delegate \$25,  
to defray expenses while at Trenton.  
The full number of delegates, which  
will be 10, will represent No. 9, at this  
session.

Homer Hoff, a glost kilnman at  
Brunt's, who has been ill for some  
time, has suffered a relapse, and has  
been compelled to again return to bed.  
He has been ill with rheumatism.

Raphael Turner, a kilnman on the  
biscuit end at Brunt's, is very ill at  
his home in Gardendale with typhoid  
fever. He has not been able to work  
for several days.

Jiggermen's local No. 12 will send  
its delegates to the Trenton con-  
vention uninstructed. However, they  
were told to act conservatively.

H. P. Knoblock, of the Dresden com-  
pany, left Tuesday evening for Cleve-  
land, where he will remain until Satur-  
day.

## NOTICE TO REPUBLICANS

Notice is hereby given to the Republican  
electors of the Eighteenth Congressional  
District of Ohio that a delegate convention  
to place in nomination a candidate for Rep-

Alliance, May 6, 1902,  
at 11 o'clock a. m. delegates will be elected  
in the several counties composing said dis-  
trict on the basis of the Republican vote  
cast for President in 1900, viz: 1 delegate  
for each 100 votes and fraction thereof in  
excess of 50. This apportionment is as

May is going to be somewhat nota-  
ble in this city for entertainments and  
special celebrations. Next week  
comes the Carnegie library dedication,  
an event to which everybody has looked  
forward for months as marking an  
epoch in the city's progress. It is an  
institution in which the whole city  
may well take pride, and there is no  
fear that its advantages will not be  
well appreciated from the start or that  
the library will not be better and bet-  
ter patronized with each succeeding  
year. A large and elaborate entertain-  
ment in which the ladies' auxiliary  
and the Y. M. C. A. are interested  
closely follows this event. Com-  
mencement, always an interesting and  
important occasion, comes also this  
month, besides more than the usual  
number of minor entertainments and  
anniversaries. Altogether the present  
month gives promise of much activity,  
both intellectually and socially.

"In defeating the bill providing for  
general primary elections in Ohio to be  
held by both parties on the same  
day, at the same booths," says the To-  
ledo Blade, Republican, "the members  
of the house have not carried out the  
wishes and demands of their constitu-  
ents. Republicans and Democrats  
have for several years urged the pas-  
sage of a general primary law. At  
this time there is not a method under  
which candidates are nominated and  
delegates selected which is free from  
abuses."

A Lisbon paper pokes fun at Wells-  
ville, because, it alleges, Wellsville  
has more cases in police court arising  
from fights between women than any  
other town in the county. Wellsville  
will probably retort that she has a  
fashion of arresting those who fight,  
and that her alleged unenviable dis-  
tinction is really something to her  
credit.

East Liverpool is fortunate in hav-  
ing no May day strikes or other dis-  
putes that are in any way serious. Al-  
though it is frequently argued that  
strikes are an evidence of prosperity,  
it is indisputable that busy and con-  
tented workmen, all earning good  
wages, are a much better evidence of  
that ever desirable condition.

The president is not likely to worry  
over the hostility which the men in-  
terested in trusts are displaying  
against him. The more effort he puts  
forth to remedy existing abuses of cor-  
porate power the greater will be his  
popularity with the great majority of  
Americans.

The threat of the meat packers to  
consolidate their establishments under  
a single company will not deter the  
prosecution about to be instituted by  
the attorney general. If the govern-

ment only has one company to fight,  
matters will greatly simplified.

Carnegie, before departing for Scot-  
land, made out a list of 20 cities  
which are to be given libraries as  
mementoes of his visit. As long as  
his money and his disposition to give  
hold out, large sections of America are  
hoping he will come often.

A Chillicothe belle has wedded a  
section hand. But, as her husband is  
a millionaire and merely worked at  
railroading to learn the business and  
be useful, she is not likely to lose her  
place in society.

Columbiana county Prohibitionists,  
numerous and influential as they were  
in the state convention, allowed other  
counties to preempt all the places on  
the state ticket. Perhaps they did so  
intentionally.

The anti-saloon league and the Pro-  
hibition party of Ohio are at odds.  
Those who are laboring for the same  
causes ought to be pulling together,  
instead of pulling apart.

## OBITUARY

Hugh Irwin.

Hugh Irwin, aged 65 years, died last  
night, at 10 o'clock, at his home in  
Calcutta, after a short illness. He  
was the proprietor of the Calcutta  
hotel and was well known over the  
county. A wife, one son and three  
daughters, all residents of Calcutta,  
and a brother, Robert Irwin, of East  
Liverpool, are his survivors. The fun-  
eral services will be held tomorrow af-  
ternoon at 2.30 o'clock.

## POTTERY NEWS

The first lot of delegates to the na-

which meets at Trenton next Monday  
morning, left this city this morning at  
5 o'clock. The party was composed of  
George Smith, secretary of kilnmen's

## SALARY REDUCED

Health Board Decides \$60 a Month Is Too Much for Health Officer.

A called meeting of the new board of health was held last evening in the mayor's office for the purpose of undoing some of the business transacted at the first meeting which was held Tuesday evening.

In talking over matter of salaries after the Tuesday evening meeting one or two members of the board disagreed on the salary of \$60 per month for the health officer which had already been settled.

As a result another meeting was held last evening, in which the salary of the health officer was changed to \$45 per month, and instead of his being compelled to wear a uniform, it was decided that a badge would answer the purpose.

In conclusion the rules and regulations of the board were considered and prepared for amendment and adoption.

## RELAYING WATER MAIN

Clark Avenue Pipe Being Replaced. Street Railway Work Can Soon Proceed.

Work has commenced on relaying the water main on Clark avenue, the contract for which was let some time ago by the water works board, and it is thought that as there is a very large gang of men at work it will be only a short time before the main has been entirely relaid.

As soon as this has been done the street railway company's working gang will complete the work on the extension, a matter which has been delayed for some time.

## CONVICT AT LARGE

Wellsville Authorities Asked to Look Out for an Escaped Prisoner.

Wellsville authorities have been notified by officials of the Moundsville (W. Va.) prison to be on the lookout for an escaped convict named James Goodwin, better known as "Jimmy Goodwin," who escaped from the Moundsville jail on the night of April 25. A reward of \$50 is offered for his arrest.

He was sentenced to five years' imprisonment for burglary and has been in jail for nearly a year.

## A Cripple Arrersted.

A rather peculiar specimen of humanity was arrested last evening by Officers Davis and Thorn on Front street near the Third street C. & P. depot. He had but one leg and used crutches. He had been loafing around the streets all the evening in an intoxicated condition and finally was landed in the bastle. He gave his name as John Casey and said that he was a coal digger and formerly lived in Meigs county. He will be given a hearing this afternoon by Mayor Fogo.

## Appealed to Common Pleas.

The case in 'Squire McKenzie's court of Withers Bros. against the United Power company, in which John Withers, one of the plaintiffs, was given judgment for \$141.84, has been appealed by the defendant and will now be carried to the court of common pleas. This case has created much interest among Wellsville people, a large crowd having been present when it was given a hearing last week.

## Neck Shaves Cost a Nickel.

The time has now arrived when the patrons of the Wellsville barber shops will have to pay an extra five cents to have their necks shaved, and all who have wives that can wield a razor are very fortunate.

## Funeral of a Child.

The remains of the late Carl Brug-

gemeyer, aged five years, son of Mr. and Mrs. Fred Bruggemeyer, were brought here from Allegheny last evening for interment. Mr. and Mrs. Bruggemeyer formerly resided in Wellsville. Funeral services were held at 2 o'clock today from the residence of W. C. Connor on Broadway.

## Fined for Train Jumping.

A young man giving his name as Harry Fickes was arrested yesterday morning at Irondale by Railroad Detective Moore for train jumping and was brought to this city. He was given a hearing by 'Squire Riley and assessed the usual \$4.00, which he paid and was released.

## Wages Attached.

An attachment was served yesterday on the wages of Crawford Cole, who resides in the western part of the city and is a freight conductor on the C. & P. road. The attachment was made by W. H. Daughaday for a grocery account of long standing.

## MINOR NEWS OF WELLSVILLE.

Jack Gaus, of Wheeling, was in the city yesterday.

Miss Margaret McCormick is visiting friends in Cleveland.

E. D. Sadler, of Xenia, is in the city for a few days on business.

Miss Myrtle Runyon is ill at her home with an attack of the grip.

Edward Knupp, of Warren, Pa., was a business visitor in the city last evening.

A. J. Henthorne, of Monroe county, is visiting relatives on Nevada street.

The Misses Boyce left this morning for Chautauque lake, where they will spend the summer.

J. D. Harris, of Baltimore, arrived in the city last evening. He will visit friends here for a few days.

Michael Broderick left yesterday for Baltimore, Md., where he has accepted a position with the B. & O. railroad.

Mrs. Samuel Kerr, of Bellevue, Pa., and her four children, are visiting her mother, Mrs. T. B. Kerr, north of Wellsville.

Jesse Todd, who has been employed in the rolling mill left for Kansas, where he will remain several months for the benefit of his health.

Blaine Roberts, a well known painter of this city, left for Salineville last evening, where he will be employed for a few days on the new pottery.

## OHIO PROHIBITIONISTS.

A Single Plank Platform Adopted by State Convention—Ticket Nominated.

Zanesville, O., May 1.—The Prohibitionists yesterday nominated a ticket, adopted a single plank platform and raised a fund of \$2,200 with which to begin the campaign, at which they expect to poll 50,000 votes at the November election. The single plank advocates won their fight with little trouble. The platform states that the party's unalterable conviction is that the immediate and utter destruction of the saloon and the absolute prohibition of the manufacture, importation, exportation, transportation and sale of intoxicants for beverage purposes is the paramount issue in American politics.

The ticket is as follows: Secretary of state, A. L. White, White Cottage, Muskingum county; board of public works, Samuel W. Dunlap, Williamsport, Pickaway county; judge of supreme court, A. L. Talcott, Cleveland; dairy and food commissioner, George A. Mace, Greenville, Darke county.

## CONDEMNED IN MISSOURI, AND CONFISCATED IN NEW YORK.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum baking powders, however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject and dealers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

## FRIENDS AND VISITORS

Wilbur Homer, of Bradshaw avenue, is ill with typhoid fever.

Miss Nellie Wilson left this morning for Steubenville to visit relatives.

Mrs. William Lynn, of Sixth street, is convalescent after a very serious illness.

Mrs. Nellie Bailey, of New Hagerstown, has returned home after a visit with friends.

Milo Kirkendall, of Basil avenue, is on the sick list from a severe attack of catarrh.

Miss Helen Fisher, of Fifth street, left today for Pittsburg, where she will spend a few days.

Miss Eliza Cartwright, of Sixth street, is spending a few days at Pittsburg visiting her sister.

James Clemens, of Wheeling, has arrived in the city and will visit relatives here for several days.

Mr. and Mrs. E. W. Lones, of Somerset, Pa., are the guests of Frank B. Martin and wife, Bank street.

Frank Chapman, formerly a resident of this city, but now of Monroe county, is visiting friends in this city.

William Savers has returned home from Youngstown, where he visited his sister, Mrs. George Franklin.

Mr. and Mrs. McCain left this morning for Pittsburg, where they will remain several days visiting friends.

Mrs. Charles Lowers, of Jackson street, who has been confined to her home with an attack of fever, is improving.

Mrs. Frank Dickey has gone to Ford City, Pa., in response to a telegram stating that her mother is very sick and not expected to live.

Thomas Heath left this morning for an extended visit in southern California for the benefit of his health. He was accompanied as far as Alliance by his son Ted.

Mr. and Mrs. Frank Swaney, who have been at Battle Creek, Mich., for some time for the benefit of the health of Mr. Swaney, returned to the city. The trip was very beneficial to Mr. Swaney.

Vance W. Brunt, son of W. H. Brunt, of Fifth street, a student at the military academy at Culver, Ind., and a member of Company A, of the cadets, will be among those who will act as the escort of the governor at the dedication of the soldiers' and sailors' monument at Indianapolis, May 15.

Among those who were in the city yesterday attending the funeral of Mrs. Isabelle Gallagher were Mr. and Mrs. Joseph Gallagher, Mr. and Mrs. Edward O'Donnell, Miss Lena Brier, Mrs. McCune and Miss Belle Gallagher, all of Salineville; John Gallagher, of Salem, and W. H. Fitzgerald, of Canton. All returned to their homes yesterday afternoon.

Not Satisfied With the Wage Decision of Their East Liverpool Brethren.

A meeting of the East Liverpool & Rock Springs street railway employees is expected to be held within a few days, at which time the new men may withdraw from the Amalgamated Association of Street Railway Employees.

It seems that they are not satisfied with the new scale agreed on between the East Liverpool line and its employees, and it is their intention to form a union of their own in Chester and apply for a charter at Wheeling.

## BOND ELECTION

Chester Citizens Voting on the Important Question Today.

The long-talked-of question as to whether or not the village of Chester will issue bonds to the amount of \$24,000 for the purpose of paving Carolina avenue from First street will be decided this evening at sunset.

The polls opened this morning at 8 o'clock. The only voting place is at the city hall on Fourth street.

Indications point to a very small total vote, and against the issue of the bonds.

Frank Chapman, formerly a resident of this city, but now of Monroe county, is visiting friends in this city.

William Savers has returned home from Youngstown, where he visited his sister, Mrs. George Franklin.

Mr. and Mrs. McCain left this morning for Pittsburg, where they will remain several days visiting friends.

Mrs. Charles Lowers, of Jackson street, who has been confined to her home with an attack of fever, is improving.

Mrs. Frank Dickey has gone to Ford City, Pa., in response to a telegram stating that her mother is very sick and not expected to live.

Thomas Heath left this morning for an extended visit in southern California for the benefit of his health. He was accompanied as far as Alliance by his son Ted.

Mr. and Mrs. Frank Swaney, who have been at Battle Creek, Mich., for some time for the benefit of the health of Mr. Swaney, returned to the city. The trip was very beneficial to Mr. Swaney.

Vance W. Brunt, son of W. H. Brunt, of Fifth street, a student at the military academy at Culver, Ind., and a member of Company A, of the cadets, will be among those who will act as the escort of the governor at the dedication of the soldiers' and sailors' monument at Indianapolis, May 15.

Among those who were in the city yesterday attending the funeral of Mrs. Isabelle Gallagher were Mr. and Mrs. Joseph Gallagher, Mr. and Mrs. Edward O'Donnell, Miss Lena Brier, Mrs. McCune and Miss Belle Gallagher, all of Salineville; John Gallagher, of Salem, and W. H. Fitzgerald, of Canton. All returned to their homes yesterday afternoon.

## A NEW UNION

PROPOSED BY ROCK SPRINGS STREET RAILWAY EMPLOYEES.

Not Satisfied With the Wage Decision of Their East Liverpool Brethren.

A meeting of the East Liverpool & Rock Springs street railway employees is expected to be held within a few days, at which time the new men may withdraw from the Amalgamated Association of Street Railway Employees.

It seems that they are not satisfied with the new scale agreed on between the East Liverpool line and its employees, and it is their intention to form a union of their own in Chester and apply for a charter at Wheeling.

## BOND ELECTION

Chester Citizens Voting on the Important Question Today.

The long-talked-of question as to whether or not the village of Chester will issue bonds to the amount of \$24,000 for the purpose of paying Carolina avenue from First street will be decided this evening at sunset.

The polls opened this morning at 8 o'clock. The only voting place is at the city hall on Fourth street.

Indications point to a very small total vote, and against the issue of the bonds.

## Blood Wine Can be Sampled at Drug Stores Without Cost.

### Remarkably Popular Remedy Commends Itself to Prominent Citizens.

In this age of competition it is well to be able to discriminate between the good and the bad of everything. It does not do to judge too much by appearances, for everything that glistens is not necessarily gold, or even silver, but in a great many instances simply old tin, polished up. It is hard to be mistaken when one first has an opportunity to make a thorough investigation and sample an article free of charge, before buying. This is the way the Louis Daudelin Co., of Worcester, Mass., have placed upon the market their celebrated French medical compound, "Blood Wine," and their earnest request is that everyone in ill health, to whose case their remedy is suited, shall take advantage of the privilege and satisfy himself that there are no misrepresentations, no extravagant promises, no misleading quotations and no false testimonials. The Daudelin people enjoy the respect and friendship of Massachusetts citizens and wherever else that they are known, and it is their desire to push this feeling of confidence and esteem to the four corners of the globe. Consequently "Blood Wine" bears the imprint of honor throughout.

In order that everyone may know exactly what he is buying and know just what to expect from every bottle of "Blood Wine," it is sold to every druggist with the understanding that he shall provide everyone calling, with a free sample. This enables you to test and investigate right here at home the workings of this remedy.

"Blood Wine" cures disease by beginning at the very foundation of the trouble. It undermines disease as readily as disease overcomes the normal conditions of the system. To cure any kind of disease it is necessary to commence on the vital fluid of the body—the blood. Any physician will tell you that the mortal never lived into whose flesh the germs of disease could creep when healthy blood flowed through the veins. Sores on the body, pimples and blotches are produced in the same way that sores on the lungs or in the kidneys or any other part of the body are brought on. What is consumption? Nothing but a sore, a pus-emitting, discharging sore, or mass of sores, which if you could see would remind you of any kind of disgusting sore. What causes it and what will cure it? The blood.

An impoverished, unhealthy corpuscleless blood produces all the ills that flesh is heir to. A rich, thick, healthy, active blood will cure them.

"That disease in the family has been handed down from generation to generation—it's in the blood," you hear people say and it's true.

If you don't rid yourself of a disease, you surely do hand it down to your children and grandchildren. "Blood Wine" has a wonderful medicinal characteristic.

When you take it, it seems to pass immediately from the stomach to the blood. It mingles all through the veins and into the most remote parts of the body.

It searches out disease and heals a sore no matter whether outside or inside. It cures coughs, colds and consumption (excepting when the latter is in the most advanced stage). It cures kidney troubles. It puts them in a healthy condition, thus enabling them to do their work. It takes the pains out of your back, the lameness from your sides and feet. It cures stomach troubles and indigestion. When a person has difficulty in retaining the food, when he has nausea and vomiting after meals, when the bowels become sluggish and move only spasmodically, then unsatisfactorily, and the mouth is sticky, the saliva thick and the breath bad—then is the time to take "Blood Wine" and receive almost instantaneous results. Women who need strength, who find difficulty in doing their housework, who feel all dragged out, whose cheeks are colorless and whose anemic appearance bespeaks the absence of the healthy blood, will find "Blood Wine" a positive, never-failing cure. Rheumatism, muscular and articular, and all forms of neuralgia, shooting, darting pains, dull aches, that double up the fingers and twist and bulge the joints will be relieved by the prompt use of "Blood Wine." When you take this remedy you get right at the roots of the evil and become cured to stay cured. Probably no medicine ever sold has had as many enthusiastic admirers as "Blood Wine."

We ask you to write to anyone of them, make a personal investigation, ascertain for yourself that all said about "Blood Wine" is true.

"I find 'Blood Wine' a most remarkable medicine. It has cured me of a serious attack of nervous prostration that I thought would end my life and it has made me a strong healthy woman."—Mrs. A. B. Horton, Providence, R. I.

Anyone can take "Blood Wine." It's just as pleasant and palatable as a summer drink. No one would ever know from its innocent taste that it was such a powerfully aggressive opponent of disease. It contains no wine, no injurious drugs or opiates.

"As a never failing remedy for lung troubles, coughs, colds and catarrh I can truthfully say that 'Blood Wine' is the most reliable medicine I have ever tried. I say 'never failing' because I have yet to find the first case that it hasn't benefited."

—B. A. Andrews, M. D., Beaumont, Boston, Mass.

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug stores.

## ANTHRACITE DISPUTE

### Left to Conciliation Committee of the Civic Federation.

### MINERS AND OPERATORS MET

Their Representatives Failed to Agree, but Outsiders Believed Progress Was Made—Each Side Refused to Make Statement.

New York, May 1.—After spending two entire days in endeavoring to arrive at a settlement of their differences, the operators and representatives of the United Mine Workers of America, who were brought together by the good offices of the National Civic Federation, yesterday again referred their troubles to the committee on conciliation of that body. The time for the committee to meet for the purpose of taking the matter up had not, up to a late hour last night, been definitely settled, but the probability is that the meeting will take place either Friday or Saturday of the present week. When the committee of operators and representatives of the union adjourned sine die shortly after 4 o'clock yesterday afternoon a statement was given out which left the public as much at sea on the situation as before negotiations began. Not a scrap of official or authentic information was obtainable to show what progress, if any, had been made towards a settlement.

"Our conference with the operators," said President Mitchell, of the United Mine Workers, "has been brought to a close. According to an arrangement with the National Civic Federation, by which the conference committee was appointed, we are to report to that body at a meeting, the date of which has yet to be determined. Outside of this I cannot say a word for publication."

A little later a "general" statement was given out by the representatives of the big coal concerns at the conference. President George F. Barr of the Philadelphia and Reading Coal and Iron company, acted as spokesman for the coal companies.

"Under the arrangement with the National Civic Federation," said he, "it was understood that the report of this company should be made to that body. The committee of conciliation of that organization will meet Friday or Saturday. Until that body meets we cannot make a report to anybody."

In answer to a question he said that this was the arrangement, whether the negotiations resulted in an agreement or a disagreement. Every effort to obtain additional information either from the operators or miners who have taken part in the conference proved futile. The operators, however, seemed in a happy frame of mind. Nor did the miners seem in any degree downcast, and the consensus of opinion among outsiders was that some progress had been made towards a settlement.

### A Cashier Testifies.

Pepsin Syrup Co., Monticello, Ill.  
Gentlemen:—After twenty years of aches and pains caused by constipation brought on by sedentary habits, I have found more relief in two bottles of Dr. Caldwell's Syrup Pepsin than all of the hundreds of other remedies I have tried, and I take pleasure in giving you this testimony, believing you have the finest preparation made for stomach troubles. ### Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal Gorge, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 1-42-44

## QUAYITES ENGAGE A HALL

### Hire It For Day Preceding Convention—Likely Intend to Lay Plans.

Harrisburg, May 1.—The board of trade auditorium has been engaged by adherents of Senator Quay for all day on June 10, the day before the Republican state convention for the nomination of candidates for governor, lieutenant governor and secretary of internal affairs. It is expected that a caucus of Quay's friends will be held during the day to ascertain their strength in the convention and map out a plan of campaign. The senator will be one of the delegates from Beaver county. The last time he was a state delegate was in 1895, when he was elected state chairman after a bitter fight with Colonel B. Frank Gilkey, of Bucks county, who was backed by the Hastings administration and the city administrations of Philadelphia and Pittsburgh.

## FUNERAL OF J. S. MORTON

### Body Interred at Nebraska City, Lay in State in Public Library.

Nebraska City, Neb., May 1.—It was a sorrowful procession that followed the remains of J. Sterling Morton to the final resting place at Wyuka cemetery yesterday afternoon. The streets were lined with people, who stood in respectful silence while the procession, headed by a guard of honor, passed through the downtown streets.

During the latter part of the day shops were closed and people took advantage of an opportunity to view the remains as they lay in state at the public library. The building was draped in black, relieved only by a profusion of palms and ferns banded around the casket. Mr. Morton always had been popular with the children, and 100 of them paid their tribute before the casket was removed to the family home.

### Passed Agricultural Bill.

Washington, May 1.—The house yesterday passed the agricultural appropriation bill and began consideration of the District of Columbia appropriation bill, the last but two of the regular supply measures. By the terms of a special rule adopted before the District bill was taken up it will be in order to attach a rider to it to make operative the existing personal tax law of the District, which has been a dead letter for 20 years. Chairman Cannon estimated that there was \$100,000,000 of untaxed personal property in Washington. The Goldfogle resolution calling on the secretary of state for information as to whether American citizens of Jewish faith were excluded from Russia was adopted.

### Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnowing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food after Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special All manac.

### Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col. 1-42-44

### NEWS IN BRIEF.

Senator Hanna had a long conference with Secretary Root at the war department yesterday, presumably in regard to the case of Rathbone. It is understood that when he was in Havana Secretary Root looked into that case with a view of determining the powers of the president in bringing about a retrial of Rathbone in the event that such a course shall be determined upon.

The bonds will bear interest at the rate of 4 per cent per annum, payable semi-annually by coupons attached thereto, both principal and interest payable at the office of the Treasurer of the City of East Liverpool. The bonds will be made payable to bearer and will in no case be sold for less than their par value. They will be issued under authority conferred by the Revised Statutes of Ohio, Section 3991-3993, and by authority of the electors of said school district at a general election held on the 7th day of April, 1902. The bonds are issued for the purpose of erecting and furnishing a school building upon lots Nos. 3141, 3142 and 3143 in the City of East Liverpool. The bonds will be signed by the Board officially and will be ready for delivery on or about the first day of July, 1902, and must be paid for on delivery, with any interest that may have accrued thereon, in cash or by certified check on some National bank or by New York draft. Each proposal must be accompanied by a certified check for \$500 payable to the Clerk of the Board of Education, as a guarantee that the bonds will be paid for when ready for delivery. The checks of the unsuccessful bidders will be promptly returned.

## Blood Wine Can be Sampled at Drug Stores Without Cost.

### Remarkably Popular Remedy Commends Itself to Prominent Citizens.

In this age of competition it is well to be able to discriminate between the good and the bad of everything. It does not do to judge too much by appearances, for everything that glitters is not necessarily gold, or even silver, but in a great many instances simply old tin, polished up. It is hard to be mistaken when one first has an opportunity to make a thorough investigation and sample an article free of charge, before buying. This is the way the Louis Daudelin Co., of Worcester, Mass., have placed upon the market their celebrated French medical compound, "Blood Wine," and their earnest request is that everyone in ill health, to whose case their remedy is suited, shall take advantage of the privilege and satisfy himself that there are no misrepresentations, no extravagant promises, no misleading quotations and no false testimonials. The Daudelin people enjoy the respect and friendship of Massachusetts citizens and wherever else that they are known, and it is their desire to push this feeling of confidence and esteem to the four corners of the globe. Consequently "Blood Wine" bears the imprint of honor throughout.

In order that everyone may know exactly what he is buying and know just what to expect from every bottle of "Blood Wine," it is sold to every druggist with the understanding that he shall provide everyone calling, with a free sample. This enables you to test and investigate right here at home the workings of this remedy.

"Blood Wine" cures disease by beginning at the very foundation of the trouble. It undermines disease as readily as disease overcomes the normal conditions of the system. To cure any kind of disease it is necessary to commence on the vital fluid of the body—the blood. Any physician will tell you that the mortal never lived into whose flesh the germs of disease could creep when healthy blood flowed through the veins. Sores on the body, pimples and blotches are produced in the same way that sores on the lungs or in the kidneys or any other part of the body are brought on. What is consumption? Nothing but a sore, a pus-emitting, discharging sore, or mass of sores, which if you could see would remind you of any kind of disgusting sore. What causes it and what will cure it? The blood.

An impoverished, unhealthy corpuscleless blood produces all the ills that flesh is heir to. A rich, thick, healthy, active blood will cure them.

"That disease in the family has been handed down from generation to generation—it's in the blood," you hear people say and it's true.

If you don't rid yourself of a disease, you surely do hand it down to your children and grandchildren. "Blood Wine" has a wonderful medicinal characteristic.

When you take it, it seems to pass immediately from the stomach to the blood. It mingles all through the veins and into the most remote parts of the body.

It searches out disease and heals a sore no matter whether outside or inside. It cures coughs, colds and consumption (excepting when the latter is in the most advanced stage). It cures kidney troubles. It puts them in a healthy condition, thus enabling them to do their work. It takes the pains out of your back, the lameness from your sides and feet. It cures stomach troubles and indigestion. When a person has difficulty in retaining the food, when he has nausea and vomiting after meals, when the bowels become sluggish and move only spasmodically, then unsatisfactorily, and the mouth is sticky, the saliva thick and the breath bad,—then is the time to take "Blood Wine" and receive almost instantaneous results. Women who need strength, who find difficulty in doing their housework, who feel all dragged out, whose cheeks are colorless and whose anemic appearance bespeaks the absence of the healthy blood, will find "Blood Wine" a positive, never-failing cure. Rheumatism, muscular and articular, and all forms of neuralgia, shooting, darting pains, dull aches, that double up the fingers and twist and bulge the joints will be relieved by the prompt use of "Blood Wine." When you take this remedy you get right at the roots of the evil and become cured to stay cured. Probably no medicine ever sold has had as many enthusiastic admirers as "Blood Wine."

We ask you to write to anyone of them, make a personal investigation, ascertain for yourself that all said about "Blood Wine" is true.

"I find 'Blood Wine' a most remarkable medicine. It has cured me of a serious attack of nervous prostration that I thought would end my life and it has made me a strong healthy woman."—Mrs. A. B. Horton, Providence, R. I.

Anyone can take "Blood Wine." It's just as pleasant and palatable as a summer drink. No one would ever know from its innocent taste that it was such a powerfully aggressive opponent of disease. It contains no wine, no injurious drugs or opiates.

"As a never failing remedy for lung troubles, coughs, colds and catarrh I can truly say that 'Blood Wine' is the most reliable medicine I have ever tried. I say 'never failing' because I have yet to find the first case that it hasn't benefited."—B. A. Andrews, M. D., Beaumont, Boston, Mass.

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug stores.

## ANTHRACITE DISPUTE

Left to Conciliation Committee of the Civic Federation.

### MINERS AND OPERATORS MET

Their Representatives Failed to Agree, but Outsiders Believed Progress Was Made—Each Side Refused to Make Statement.

New York, May 1.—After spending two entire days in endeavoring to arrive at a settlement of their differences, the operators and representatives of the United Mine Workers of America, who were brought together by the good offices of the National Civic Federation, yesterday again referred their troubles to the committee on conciliation of that body. The time for the committee to meet for the purpose of taking the matter up had not, up to a late hour last night, been definitely settled, but the probability is that the meeting will take place either Friday or Saturday of the present week. When the committee of operators and representatives of the union adjourned sine die shortly after 4 o'clock yesterday afternoon a statement was given out which left the public as much at sea on the situation as before negotiations began. Not a scrap of official or authentic information was obtainable to show what progress, if any, had been made towards a settlement.

"Our conference with the operators," said President Mitchell, of the United Mine Workers, "has been brought to a close. According to an arrangement with the National Civic Federation, by which the conference committee was appointed, we are to report to that body at a meeting, the date of which has yet to be determined. Outside of this I cannot say a word for publication."

A little later a "general" statement was given out by the representatives of the big coal concerns at the conference. President George F. Baer, of the Philadelphia and Reading Coal and Iron company, acted as spokesman for the coal companies.

"Under the arrangement with the National Civic Federation," said he, "it was understood that the report of this company should be made to that body. The committee of conciliation of that organization will meet Friday or Saturday. Until that body meets we cannot make a report to any body."

In answer to a question he said that this was the arrangement, whether the negotiations resulted in an agreement or a disagreement.

Every effort to obtain additional information either from the operators or miners who have taken part in the conference proved futile. The operators, however, seemed in a happy frame of mind. Nor did the miners seem in any degree downcast, and the consensus of opinion among outsiders was that some progress had been made towards a settlement.

### Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-23-22

## QUAYITES ENGAGE A HALL

Hire It For Day Preceding Convention—Likely Intend to Lay Plans.

Harrisburg, May 1.—The board of trade auditorium has been engaged by adherents of Senator Quay for all day on June 10, the day before the Republican state convention for the nomination of candidates for governor, lieutenant governor and secretary of internal affairs. It is expected that a caucus of Quay's friends will be held during the day to ascertain their strength in the convention and map out a plan of campaign.

The senator will be one of the delegates from Beaver county. The last time he was a state delegate was in 1895, when he was elected state chairman after a bitter fight with Colonel B. Frank Gilkerson, of Bucks county, who was backed by the Hastings administration and the city administrations of Philadelphia and Pittsburgh.

### FUNERAL OF J. S. MORTON

Body Interred at Nebraska City, Lay in State in Public Library.

Nebraska City, Neb., May 1.—It was a sorrowful procession that followed the remains of J. Sterling Morton to the final resting place at Wyke cemetery yesterday afternoon. The streets were lined with people, who stood in respectful silence while the procession, headed by a guard of honor, passed through the downtown streets.

During the latter part of the day shops were closed and people took advantage of an opportunity to view the remains as they lay in state at the public library. The building was draped in black, relieved only by a profusion of palms and ferns banded around the casket. Mr. Morton always had been popular with the children, and 100 of them paid their tribute before the casket was removed to the family home.

### Passed Agricultural Bill.

Washington, May 1.—The house yesterday passed the agricultural appropriation bill and began consideration of the District of Columbia appropriation bill, the last but two of the regular supply measures. By the terms of a special rule adopted before the District bill was taken up it will be in order to attach a rider to it to make operative the existing personal tax law of the District, which has been a dead letter for 20 years. Chairman Cannon estimated that there was \$100,000,000 of untaxed personal property in Washington. The Goldfogle resolution calling on the secretary of state for information as to whether American citizens of Jewish faith were excluded from Russia was adopted.

Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almacan.

### Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. ### 8 WOMEN AND GIRLS KILLED.

Three Persons Received Injuries Considered Fatal—Many More Were Seriously Injured—Affair Originated In Boy Getting Hurt.

Philadelphia, May 1.—An unfortunate accident to a deaf and dumb boy, Isador Bacus, was yesterday directly responsible for the death of eight girls and young women, the fatal injury of three others and the serious injury of more than two score of girls employed in the cigar factory of Harburger, Homan & Co., a branch of the American Tobacco company, located at Tenth and Washington avenue. The dead are:

Unidentified woman, about 25 years old, whose body is at the morgue.

#### Fatally Injured.

Mary Mesino, injured internally; skull fractured.  
Josephine O'Ronco, injured internally.

Unidentified woman, fractured skull, unconscious.

The injuries of the others consist mainly of bruises about the body and fractured limbs.

The building in which the disaster occurred is a five-story brick structure and reaches an entire block. Twelve hundred persons were at work at the time of the accident, 90 per cent of whom were girls whose ages ranged from 12 to 25 years.

The trouble began on the fourth floor of the structure. Bacus, who was janitor of the building, started for the fifth floor for a ball of twine. The elevator was at the top of the shaft and Bacus pulled the rope to bring it down. He opened the door leading to the shaft and leaned forward to see where the carriage was. As he did so the elevator, which was descending slowly, struck him across the back of the neck, pinning his head between the elevator and the floor. A stock boy released Bacus and cried for help. The foreman rushed from the building to call an ambulance and immediately there was a panic among the employees.

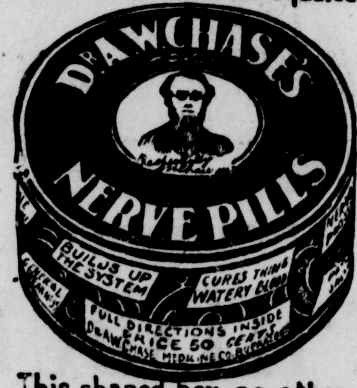

#### Some of the Girls Fainted.

Some of the younger girls fainted, while others, not being able to control their feelings, cried fire. Instantly there was a mad rush for the stairway leading into Tenth street. The girls rushed down the narrow staircase until they reached a bend in the exit, between the second and third floors. In their eagerness to escape the frightened leaders fell. Others immediately following tripped over the struggling mass of humanity and in less than a minute there were hundreds of children and young women struggling in the passageway. The shrieks and screams of the terror-stricken girls could be heard for a block or more. During the excitement an alarm of fire was turned in, but before the engines could reach the scene several of the occupants of the building had rushed to the windows and jumped to the street, a distance of over 50 feet. Helen Tolini, one of those to jump, was almost instantly killed. When the firemen and policemen arrived every effort was made to quiet the terrorized girls. The firemen rushed up the stairway and begged the girls to be calm, telling them that there was absolutely no danger, but the sight of the firemen seemed only to add fuel to the flames. While the policemen and firemen were endeavoring to

quiet the girls on the stairway, ladders were being run up on the outside of the building and the employees who had climbed out on the fire escapes and window ledges were quickly taken to the street.

After a few minutes the men were enabled to check the awful crush on the stairway, and then began the work of rescuing those who had been trampled and crushed between the second and third floors.

### SECURING OPTIONS

C. & P. RAILROAD AFTER VARIOUS CITY PROPERTIES.

Deals in Progress Which Are Likely to Be Consummated Soon.

Representatives of the Pennsylvania Railroad Company are still working about this city, taking options on property fronting on the railroad on Second street and along the Horn switch. Within the past few days the railroad company has secured an option on the E. D. Marshall property at the corner of Market street and the railroad, across the track from the Brunt Porcelain works, and a sale is expected to be consummated within a few days.

On the Horn switch the company has secured a 30 day option on the Trotter property at the corner of Calcutta road and the switch. An option has also been taken on the Hale property on West Market street. It is said to be the intention of the company to interchange sites with the Armour company, which now owns property at the corner of Union street and Pink alley. Several other options have been taken on property along Second street, and some of these options will be taken up within a few days.

When asked yesterday afternoon for a statement of how his work was progressing in this city the representative of the Pennsylvania Company, who has for several days been making daily trips from his home in Beaver to this city for the purpose of taking options on property, said:

"I am not at liberty to talk of any matter just at this time, but I expect my work in this city to be completed within the next 10 days. So far success has attained my efforts, but further I can say nothing."

### EARLE-SMITH

Well Known Young Couple Married at the Bride's Home Last Evening.

At the home of the bride on Fourth street last evening at 8 o'clock occurred the marriage of Mr. James H. Smith and Miss Nina B. Earle. Dr. Clark Crawford performed the ceremony.

The bridal party entered the parlor, which had been beautifully decorated in green and white, to the strains of Mendelssohn's wedding march, played by Miss Georgia McClane.

The bride wore a becoming gown of foulard silk, while the maid of honor, Miss Mary Earle, was dressed in pink dimity. Mr. Charles Metzger, of Rochester, acted as best man.

At the conclusion of the ceremony, to the merry time of bells and tin cans in the hands of a crowd of serenaders outside the house, the bride and groom received the hearty congratulations of the guests assembled. A delightful wedding supper was served. The bride and groom were the recipients of many beautiful presents. Mr. and Mrs. Smith will reside on Washington street.

### EARLE-SMITH

Well Known Young Couple Married at the Bride's Home Last Evening.

At the home of the bride on Fourth street last evening at 8 o'clock occurred the marriage of Mr. James H. Smith and Miss Nina B. Earle. Dr. Clark Crawford performed the ceremony.

The bridal party entered the parlor, which had been beautifully decorated in green and white, to the strains of Mendelssohn's wedding march, played by Miss Georgia McClane.

The bride wore a becoming gown of foulard silk, while the maid of honor, Miss Mary Earle, was dressed in pink dimity. Mr. Charles Metzger, of Rochester, acted as best man.

At the conclusion of the ceremony, to the merry time of bells and tin cans in the hands of a crowd of serenaders outside the house, the bride and groom received the hearty congratulations of the guests assembled. A delightful wedding supper was served. The bride and groom were the recipients of many beautiful presents. Mr. and Mrs. Smith will reside on Washington street.

19TH YEAR. NO. 103.

EAST LIVERPOOL, O., THURSDAY, MAY 1, 1902.

TWO CENTS.

## STREET CAR MEN WILL NOT STRIKE

Manager Healy Submits Proposition Which Is Acceptable.

## WAGES 20 AND 22 CENTS

The Majority of the Men Entitled to the Latter Figure—Division of Time Asked So Each Crew Will Have 10 Hours' Work.

There will be no strike of the street railway men. The dispute between the East Liverpool Railway and the members of Division No 52, Amalgamated Association of Street Railway Employees, was settled at 2:30 o'clock this morning, at a meeting of the members of the division in their rooms in the East End. Several members of the division executive committee called upon Manager Louis W. Healy, of the street railway company, yesterday, and told him of the action of the men in their rejection of the proposition which was advanced by the company a few days ago. Thereupon Mr. Healy asked for a conference with his employees at 12 o'clock at night at the power house, and this was readily granted by the men.

When the time arrived for the conference no less than 60 men were present and they were immediately asked to come into the general office, and there a proposition was presented to the men by the management as follows:

All first year men are to receive wages at the rate of 20 cents an hour until they shall have been employed on the road for one year; after that they are to receive 22 cents an hour. All men who have been in the continuous service of the company for over a year are to receive 22 cents an hour.

The men then went to their hall in the East End where the latest proposition of Healy was submitted, and after discussing the matter less than an hour, the proposition of the management was accepted, and Mr. Healy was notified.

The scale this morning was typewritten and taken to the company for the signature of the management.

The new scale requires that when the company forms a new schedule the runs, both "early and late," are to be so equalized that 10 hours will be consumed if possible, and not less than eight hours are to constitute a day's employment. While the company does not anticipate any change in the schedule just at present, something in this matter will have to be done when the new extensions are completed.

It was learned this afternoon that about 40 employees will receive 22 cents an hour, and that about 20 men will receive 20 cents an hour; which is a general advance of two cents for each employee.

The men seem grateful to the management of the road for the fair treatment that has been extended, although everything was settled to the satisfaction of all at the eleventh hour.

## NEW SCHOOL BUILDING

Plans for It Will Be Examined by Education Board Monday Evening.

At a meeting of the board of education next Monday evening plans for the new eight room school building to be built in the Bradshaw addition will be reviewed by the members of the board. A number of plans have been filed with the board, and yesterday E. E. Clepper, an architect from South Sharon, Pa., was in the city, and exhibited a number of plans to several members of the board.

As some of the members were out of the city not all were called upon, and the gentleman will sketch plans for

another building, and will be present at a meeting which will be held next Monday evening. Plans from architects from this city and in this part of the state will likely be submitted to the board. It would not be surprising to see the new building built by a home architect.

## PLANNED FOR MONTHS

THE NOLING ELOPEMENT DELIBERATELY ARRANGED FOR.

The Couple Might Have Departed Earlier, But For Delay In Getting Girl's Wardrobe.

It has been learned that A. M. Noling, the wife deserter, had been planning for several months to leave the city with the woman, Lizzie Hanlon, whose given name was published as Mary last evening.

For at least four months the couple are said to have been associated very intimately, and during this time Noling, it is asserted, regularly paid her room rent and board. Their reason for delaying the elopement until Monday evening was in the fact that Lizzie protested against leaving without a trunk filled with her clothes, which a woman on Thompson hill had in her possession as security for a big board bill which Lizzie was said to have contracted before meeting Noling.

After resorting to numerous schemes and finally trying in vain to have Squire McCarron issue a writ of replevin that she might obtain the clothes, the plans for the elopement were formed. Although she has paraded Lizzie protested against leaving with them during the past few years, but roomed at various places.

Word from the bedside of Mrs. Noling today is that she remains in a precarious condition and that the awful shock to her may prove exceedingly serious.

## RAILWAY DEAL HAS BEEN MADE

East Liverpool and Canton Franchises Go to the B. & O. Company.

## AS TO FUTURE INTENTIONS

The Gentlemen Interested Make No Predictions—A Survey Now in Progress for a Line From Lisbon to Smith's Ferry.

At Baltimore on Monday, W. L. Smith, of this city, and Col. Harry Freese, of Canton, concluded the deal for the sale to the Baltimore & Ohio Railroad of all the stock and rights of way of the Canton & East Liverpool Railway Company.

At a meeting of the directors of the latter company held yesterday afternoon at the office of Col. J. N. Taylor, this sale was confirmed. It has been stated that while a sale of the rights of way has been completed it is most likely that Col. Taylor, Mr. Smith and Mr. Freese will remain in the directory of the Canton & East Liverpool Railway Company, which will not be dissolved.

When seen this afternoon Col. Freese volunteered the following statement:

"I cannot say this time that any special significance is attached to this transaction. The transaction which has just been closed was to merely carry out the good faith and arrangement which was made and almost completed by John K. Cowen, some months before he retired from the presidency of the B. & O. Company."

As to the intention of the Baltimore & Ohio Company to build a line from this city to Canton, Mr. Freese would not make any statement, although the inference was made that something would likely be done in the near future. The East Liverpool & Canton Company will not be dissolved, as would be naturally supposed, but it will most likely remain intact. There may be something back of this announcement.

The surveyors who have been at work making a survey in the northern and western part of the county for several weeks are now working directly west of Lisbon on the Bowman farm. It has been suggested that they are B. & O. people, but this is hardly probable.

Something over a year ago the Erie Railroad company had a partial survey made starting at Youngstown of a possible line to Smith's Ferry. It is now thought that the Erie is making a complete survey of the proposed line. The old survey followed the Niles and New Lisbon road to Teegarden, where it crossed the summit to Cold run, going into the valley of West Fork of the Little Beaver creek, following the creek into the West Point coal fields, and from there straight through to Smith's Ferry, where it was intended to cross the river.

## THE TRUST PROMOTERS MEET POTTERY OWNERS

Rumors of consolidation were flying thick and fast this afternoon, but the parties interested would neither deny or affirm a report of that sort. All during the day there was a persistent rumor that the proposed merging of interests of the Knowles, Taylor & Knowles, Laughlin company, the Taylor, Smith & Taylor company and the Edwin M. Knowles plants was ripe. In fact, such a report has been in circulation for several days, but it has been impossible to secure a statement from the supposed interested parties on the deal. This afternoon when Col. John N. Taylor was asked for a statement on this matter he said:

"These reports are periodical. They generally come twice a year or more often."

That is all that Col. Taylor would say about the matter. However, there is a general belief in pottery circles, that it will not be long until some action will have taken place, but so far no absolute confirmation or denial can be obtained.

H. L. Irwin and James E. Trainer, pottery merging promoters of Chicago, arrived in this city this morning in company with George E. Sebring, and at noon Frank A. Sebring arrived. Quarters were secured at the Thompson house. After a short conference there the Chicago gentlemen held a conference with several pottery manufacturers of this city, but the result of this conference Mr. Trainer will not state, stating that too much talk might, in a measure, spoil their future work.

When asked how long they expected to remain in the city, Mr. Trainer said that was a matter he could not answer, as he was here for the purpose of forming a combination, upon original lines, and the work must necessarily be slow.

Mr. George E. Sebring stated that he was in no wise connected with the work of the Chicago gentlemen, as has been given out.

## THE RE-DISTRICTING BILL

Which Makes Columbus And Dayton Districts Republican Is Through the House And Likely to Become a Law—Appointments By Governor.

From a Staff Correspondent.

Columbus, May 1.—Frank L. Bussell, of Washington township, Columbiana county, arrived at the state capital Wednesday with a bill providing for a special school district to embrace parts of Washington and Yellow Creek townships of the county. The passage of the measure is desired by the residents to provide for their convenience. At Mr. Bussell's request, Mr. Crist introduced the bill. Mr. Bussell was a candidate for the Republican nomination for county clerk against Clerk John S. McNutt six years ago.

The senate on Wednesday morning passed the Burnham redistricting bill changing the Columbus and Dayton districts so as to make them Republican. There is a strong probability that the house will make the measure a law. The changes provided for in the Burnham bill are advocated by Congressman R. W. Taylor.

The general assembly has voted to adjourn on Monday, May 12. The senate yesterday adopted the report of the finance committee providing for adjournment on that date and the house concurred.

The Comings bill recodifying and extending the health laws was made a law by the senate. Local health officers are given more power for the purpose of preventing the spread of contagion. The bill to create a board of examiners for horse shoers was killed by the senate, but an effort may be made to get it reconsidered. Senator Connell is opposed to the bill. He thinks there are boards enough as it is.

The house passed the Jones bill authorizing the appointment of a state inspector of air-hose, automatic brakes and couplers. The inspector is to be paid \$1,500 annually and shall be appointed by the state commissioner of railroads. He must have had at least seven years' experience in the transportation department of some railroad.

Governor Nash announced a number of appointments Wednesday. Most of them were reappointments, among the number being State Labor Commissioner M. D. Ratford, of Stark county, and Hon. Joseph Bishop, secretary of the state board of arbitration. Mr. Bishop was one of the early presidents of the Amalgamated association. He was instrumental in settling the big strike of the pottery girls in East Liverpool a little over two years ago. The governor will announce a number of other appointments soon. The chief examiner of the stationary engineers and the state mining inspector are among those yet to be appointed. The new stationary engineers' law goes into effect today.

Word has been received here stating that William Morgan, of Stark county, Ohio member of the executive board of the national organization of

Mine Workers, was the victim of a vicious assault at Fairmont, W. Va., on Tuesday afternoon. He has been working among the miners of West Virginia for several weeks endeavoring to get them into the union and has been meeting with no little success. On Tuesday unknown parties approached him and told him to leave town. He refused and was assaulted the afternoon of the same day. Only meagre details have been received. Mr. Morgan is well known and popular. He was elected to his present office at the last national convention.

Attorney John E. Elliot, of Lisbon, paid a business visit to Columbus on Wednesday.

## DISPUTE SETTLED

GILDERS' TROUBLE AT BRUNT POTTERY NOW OVER.

President Hughes Orders the Crew Back to Work at the Old Rate.

The members of Gilders' and Ground Layers' local No. 19, who have been on strike at Brunt's pottery since last Friday, returned to work this morning, the dispute having been settled.

It is the opinion of those most familiar with the disagreement in question that there should not have been trouble of any kind.

Some time ago an assortment was placed in the hands of the girls, the price upon which was to have been 8 cents per dozen. The figure was satisfactory at the time, and was considered a fair remuneration.

Since that time a quantity of open stock containing the same decoration has been handled by the employees. For this article the management voluntarily granted a rate of 9 cents per dozen. The reason assigned was that the work was more annoying since it was confused with other lines, and the firm considered an additional cent on the dozen no more than proper.

Last Friday the assortment was put back, and the girls at once demanded 9 cents for it. The request was refused and they quit work.

The matter was placed in the hands of the local's committee, but it failed to reach an agreement with the firm. Yesterday President Hughes took hold of the affair, and after familiarizing himself with both sides of the dispute, promptly ordered the crew to return to work at the 8-cent rate.

## COMPLIMENT GIVEN

To a Bridal Couple After 'Squire McCarron Had Pronounced the Fateful Words.

"It is seldom, young folks, that I have the pleasure of officiating at a ceremony such as this, especially at one in which the contracting parties are as beautiful as you," said 'Squire McCarron to Miss Jessie Wigal and Harry Mossman last evening, after pronouncing the words which united them forever.

A reporter was the only witness to the ceremony and he heartily agreed with the 'squire. Both are well known in the city, having made it their home for years. The groom is a teamster and a young man of sterling worth.

## ASKED TO VACATE

Legal Action Taken to Compel a Tenant to Quit His Rooms.

An action of forcible detention has been entered in 'Squire McCarron's court by Fred Vaughn, who asks that Daniel Wise be ordered to vacate two rooms at the corner of Washington and Second streets. The rooms are the property of Vaughn, who states that he notified Wise to leave April 1, and he refused to do so; also that he again refused to leave upon another notification.

The legal papers were served today by Constable Powell and the trial has been set for Monday, May 5.

## THE PLUMBERS ARE NOT WORKING

Contractors Pay No Heed to the Demand For an 8-Hour Day.

## MEN ARE NOT STRIKING

So They Assert, But Have Simply Quit and Propose to Look For Work Elsewhere—Position of Bosses.

The journeymen plumbers, true to their announced intention, are out on a strike today. From present indications they are likely to remain out for some time, as a concession must be made either by them or by the bosses before they return to work.

Their day's work being finished at 5 p. m. yesterday, the journeymen notified their employers that they would not return for duty in the morning unless the contractors accept the proposition presented at the meeting held Monday evening. The bosses intimated that they would hold a meeting for further consideration of the matter, but they failed to do so, and the strike resulted.

"We are not on a strike," said one of the journeymen this morning. "We have simply quit. Of the 21 journeymen in the city at least 18 of us will leave within a week for other cities. Plumbers are in demand everywhere and we have no fear in regard to securing work. Our proposition to the bosses is a fair one. We have simply asked for a shorter day."

"Eight hours per day is enough for any man to work, and that is what we demand. We altered the first proposition by cutting out the demand for an increase of 50 cents on the day, but we positively will not change the hour scale. If they do not give us an eight hour day with seven hours on Saturday we are done for good."

The bosses are as determined as the journeymen and state that if a concession is made it will fall to the lot of the men. "The journeymen were working little enough at nine hours per day," said a boss, "and if we were to give them an eight-hour day they would do still less. We do not intend to hold a meeting to further consider the proposition. As far as we are concerned, the ultimatum has been reached. It is up to the journeymen now, and they can do as they please. It is true that we will be somewhat handicapped in finishing contracts now on hand, but we will manage in some way to do the work."

In labor circles today, the strike discussed at length. Predictions as to the result are rather evenly divided.

## PUT TO FLIGHT

ADVERTISING MAN DID NOT KNOW SMALL BOYS' WAYS.

Attracted a Crowd and Was Pelted Until Forcer to Flee.

An individual whose business it is to advertise a theatrical company, made his appearance on Fourth street at noon today about the time the scholars were dismissed from the Cenarl building. He was arrayed in a clown suit of gaudy colors, and rode a bicycle. As an advertising scheme he was a success, but he had not reckoned upon the faculty for mischief possessed by the East Liverpool small boy.

About 200 of the youngsters surrounded the stranger and he was compelled to alight from the wheel and make a break for the open. He succeeded, but it would have been better had he stayed. The crowd followed to Fourth and Washington streets, where the advertising man made a break for Second street. The boys made a raid upon the potato barrels at a neighboring grocery, and the theatrical advertiser was taken down Washington street at a rate that surprised everyone. At every jump he was pelted with a potato or a stone. This was continued until the fugitive took refuge in a hotel on Second street, where he remained for several hours.

## Alumni Association Meeting.

Cards have been issued to the graduates of the East Liverpool high school, requesting their presence at a meeting this evening at 7:15 o'clock in the high school rooms at the Central building. The purpose of the meeting is to organize.

## EAST END

### NEW GENERAL MANAGER

For the East End Sewer Pipe Plant is James E. Anderson.

Quite a change has been made in the management of the East End sewer pipe works, known in the combine as plant No. 3. For several years James E. Anderson has been general manager of the two Walker plants, known as plants No. 4 and 5, and yesterday he was transferred to the East End by District Superintendent T. F. Anderson. He will look after the work formerly attended to by Superintendent Arthur Shinn, of Georgetown, who was employed at the East End plant for a number of years. Mr. Anderson is succeeded at the Walker plants by a Urichville man, who has been transferred from that factory to Walker.

### SEEN IN THE EAST END

A. M. Noling Was in That Quarter of the City on Monday Evening.

A. M. Noling, the individual who made life miserable for his wife by eloping with a woman notorious in the lower part of the city, was in the East End Monday evening, and while there it is alleged spent money freely in several saloons. He stated that he was going to Mansfield to visit a brother who was injured in a runaway, and at that time several persons whom he was "treating" thought all was not right by his actions. He was in the East End about 6:30 p. m. and remained there but a short time, saying that he was going to take the late train west that evening.

### Splinter in the Hand.

Henry Schneider, employed at the East End sewer pipe works, met with an injury several days ago that is causing him much worry, and which nearly caused him to loose the use of his left hand. While doing some work about the shop he accidentally ran a splinter in his hand and at the time nothing was thought of the matter. The particle of wood was allowed to remain in the flesh and it was not long until the hand commenced to swell. A physician was consulted, but at that time not much relief was gained. Finally the hand became sore, but during the past few days it has commenced to improve.

### A Wall of Sewer Pipe.

The East End sewer pipe workmen have completed the erection of a "pipe wall" on Virginia avenue, on the west side of the stock yards. This wall is made of sewer pipe and the pipe is piled three high the entire length of the yard. There is quite a contrast in the appearance of this part of the street to what it was several years ago, when pipe was lying almost out in the roadway.

### Struck a Guy Wire.

William Hays, while riding along Pennsylvania avenue in a buggy last evening, had the top of his buggy taken off by running it against a guy wire extending from a telephone pole to the ground. The buggy was not going very fast or the accident would have been serious.

### EAST END AFFAIRS.

Mrs. Fryley, of Chaffinville, is ill with measles.

Raymond Chambers, of Pennsylvania avenue, is very ill.

Mrs. Jesse Wright, of Pennsylvania avenue, is ill with typhoid fever.

A little daughter has been born to Mr. and Mrs. Charles Foutts, of Mulberry street.

Grant McDade, of St. George street, who recently returned home from a course at the Ohio State university, is ill at his home with a severe attack of the grip.

W. V. Baird, of Scio, and T. E. Baird, of Toledo, who have been visiting their cousin, Postmaster William Baird, of the East End, have returned to their homes.

Rev. J. Ross Greene, formerly pastor of the Second U. P. church, but now located at South Sharon, Pa., was in the East End yesterday calling on friends. He returned to his home in the afternoon.

### Could Fill the Paper With Them.

This paper might be filled with items like the following and every one the absolute truth: I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by Alvin H. Bulger.

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Sweinhart, of Huntsville, Ala., he says:

"An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give Dr. Miles' Pain Pills and Nerve Plasters a trial. In three days I was again on my route and in two weeks I was free from pain and gaining in flesh and strength."

### BROUGHT TO LIGHT

East Liverpool People Receiving the Full Benefit.

There have been many cases like the following in East Liverpool. Everyone relates the experience of people we know. These plain straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Mrs. William Dunn, of 192 Sixth street, says: "Doan's kidney Pills did for me what none of the doctors could do. They told me I had gravel, and a little relief was all I could expect. I suffered terribly for two or three years alternately better and worse with severe pains across the small of my back and up my side. The pains were so severe that I was often compelled to stay in bed, not being able to get up. My limb swelled so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. pharmacy. Having seen them so highly recommended by others I took them, and am grateful to say they helped me almost at once."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### Funeral of Sol Smith Russell.

Washington, May 1.—Funeral services over the remains of Sol Smith Russell, the actor, were held yesterday afternoon at the residence of Frederick Berger, Mr. Russell's brother-in-law and lifelong friend. Rev. Dr. Perry, of St. Andrew's Episcopal church, officiated. The remains were interred in Rock Creek cemetery. The floral offerings were numerous and beautiful.

## IN NAME OF CHRIST

And Humanity Church Should Protest Against Brutalities of American Soldiers,

SAID BISHOP WM. LAWRENCE.

He Then Uttered a Protest, in Behalf of the Protestant Episcopal Diocese of Massachusetts—Spoke at the 117th Annual Convention.

Boston, May 1.—In his address to the one hundred and seventeenth annual convention of the Episcopal diocese of Massachusetts, yesterday, Bishop William Lawrence discussed at some length the situation in the Philippines, saying in part:

"Within the last few weeks responsible men, soldiers and officials of the government have made statements of cruel and barbarous treatment of the Filipinos by our men, acting under orders of superior officers, of methods of warfare which are condemned by civilized nations and are contrary to the regulations of our army. It behooves the church to speak, and in the name of the Master and of humanity to utter her solemn protest. This in behalf of the diocese I now do."

### WANT GARDENER IMMEDIATELY

Patterson Resolution Went Over in Senate—Lodge Said Major Would Come in Time.

Washington, May 1.—A resolution offered in the senate yesterday by Mr. Patterson, of Colorado, directing the secretary of war to order by cable Major Gardener, now in the Philippines, to come immediately to Washington, to appear as a witness before the Philippine commission, precipitated a warm discussion. The debate continued for about two hours, considerable feeling being manifested on both sides of the chamber. The charge was made by the minority that the majority of the committee was endeavoring to suppress facts and information. This was denied by the chairman of the committee, Mr. Lodge, who said that any such action would be inconceivably stupid. All parties, he insisted, were anxious for the fullest information, but he and others contended that it would not be advisable to cable to the Philippines for Major Gardener, as he was about to come home and would be here in time to appear before the committee. Mr. Patterson and Mr. Carmack, of Tennessee, urged that Gardener's testimony was particularly important, and that it ought to be had before action was taken on the pending bill. The resolution finally went over until today.

The bill for the purchase of the Rosebud reservation in South Dakota and the sundry civil appropriation bill were considered, but no action was taken on them.

### GOVERNMENT TO BLAME?

Did General Smith Issue His Orders Under the Old General Order 100.

Washington, May 1.—It was announced at the war department yesterday that its answer to the resolution proposed by the military affairs committee of the house as to the nature of the instructions sent to General Jacob Smith from Washington for his guidance in the Samar campaign will be very brief. According to the officials, no orders on this subject were sent to General Smith from Washington, and the officer acted entirely under the instructions of his immediate superior, General Chaffee. It also declared that General Chaffee was not instructed from Washington as to the kind of warfare to be waged in Samar.

The nearest step in that direction was the republication as a guide for the army of general order 100, the department taking this means of calling attention to the fact that the order was still in force. If the court martial now trying General Smith accepts the view that this order is in full effect now as when it was promulgated in the days of civil war, then it is predicted here at the department that General Smith will rely for his acquittal upon article 30 of that order, which authorizes a suspension of all rules of civilized warfare and retaliation when the enemy acts in a similar manner.

### FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by A. H. Bulger.

Knox Sends Sharp Telegram to a New York Club.

Washington, May 1.—Attorney General Knox addressed a telegram to the Republican club, of New York city, containing the following:

"Answering your letter of April 29, your action requesting representatives of packing companies to meet me is unwarranted by my letter of April 28, and was without my knowledge or any intimation to me that you proposed doing so until receipt of your letter of April 28, to which I replied by telegraph, to the effect that I knew of no interest of government to be subserved by such a conference. Under the circumstances, therefore, I must decline to be present. I regret that you have assumed to arrange conferences which misrepresent the government's position."

May is going to be somewhat nota-  
ble in this city for entertainments and  
special celebrations. Next week  
comes the Carnegie library dedication,  
an event to which everybody has looked  
forward for months as marking an  
epoch in the city's progress. It is an  
institution in which the whole city  
may well take pride, and there is no  
fear that its advantages will not be  
well appreciated from the start or that  
the library will not be better and bet-  
ter patronized with each succeeding  
year. A large and elaborate entertain-  
ment in which the ladies' auxiliary  
and the Y. M. C. A. are interested  
closely follows this event. Commence-  
ment, always an interesting and im-  
portant occasion, comes also this  
month, besides more than the usual  
number of minor entertainments and  
anniversaries. Altogether the present  
month gives promise of much activity,  
both intellectually and socially.

"In defeating the bill providing for  
general primary elections in Ohio to be  
held by both parties on the same  
day, at the same booths," says the To-  
ledo Blade, Republican, "the members  
of the house have not carried out the  
wishes and demands of their constitu-  
ents. Republicans and Democrats  
have for several years urged the pas-  
sage of a general primary law. At  
this time there is not a method under  
which candidates are nominated and  
delegates selected which is free from  
abuses."

A Lisbon paper pokes fun at Wells-  
ville, because, it alleges, Wellsville  
has more cases in police court arising  
from fights between women than any  
other town in the county. Wellsville  
will probably retort that she has a  
fashion of arresting those who fight,  
and that her alleged unenviable dis-  
tinction is really something to her credit.

East Liverpool is fortunate in hav-  
ing no May day strikes or other dis-  
putes that are in any way serious. Al-  
though it is frequently argued that  
strikes are an evidence of prosperity,  
it is indisputable that busy and con-  
tented workmen, all earning good  
wages, are a much better evidence of  
that ever desirable condition.

The president is not likely to worry  
over the hostility which the men in-  
terested in trusts are displaying  
against him. The more effort he puts  
forth to remedy existing abuses of cor-  
porate power the greater will be his  
popularity with the great majority of  
Americans.

The threat of the meat packers to  
consolidate their establishments under  
a single company will not deter the  
prosecution about to be instituted by  
the attorney general. If the govern-

ment only has one company to fight,  
matters will greatly simplified.

Carnegie, before departing for Scot-  
land, made out a list of 20 cities  
which are to be given libraries as  
mementoes of his visit. As long as  
his money and his disposition to give  
hold out, large sections of America are  
hoping he will come often.

A Chillicothe belle has wedded a  
section hand. But, as her husband is  
a millionaire and merely worked at  
railroading to learn the business and  
be useful, she is not likely to lose her  
place in society.

Columbiana county Prohibitionists,  
numerous and influential as they were  
in the state convention, allowed other  
counties to preempt all the places on  
the state ticket. Perhaps they did so  
intentionally.

The anti-saloon league and the Pro-  
hibition party of Ohio are at odds.  
Those who are laboring for the same  
causes ought to be pulling together,  
instead of pulling apart.

## OBITUARY

Hugh Irwin.

Hugh Irwin, aged 55 years, died last  
night, at 10 o'clock, at his home in  
Calcutta, after a short illness. He  
was the proprietor of the Calcutta  
hotel and was well known over the  
county. A wife, one son and three  
daughters, all residents of Calcutta,  
and a brother, Robert Irwin, of East  
Liverpool, are his survivors. The fun-  
eral services will be held tomorrow af-  
ternoon at 2.30 o'clock.

street, yesterday received a message  
announcing the death of a four months

## AT THE THEATER

"The Girl From Chili" tonight is  
presented by Marie Lamour and Fred-  
eric Murphy, who will be remembered  
for their presentation of "A Wise Wo-  
man." The play is deliciously funny  
and affords all sorts of ridiculous inci-  
dents which the author handles to the  
best advantage. Two and a half hours  
of smiles and chuckles.

## POTTERY NEWS

The first lot of delegates to the na-  
tional convention of operative potters,  
which meets at Trenton next Monday  
morning, left this city this morning at  
5 o'clock. The party was composed of  
George Smith, secretary of kilnmen's  
local No. 9; National Treasurer John  
Wood, and Samuel Steel. The first  
named two will go through to Tren-  
ton, while Mr. Steel will go to Wil-  
mington, Del., where he will remain a  
day or so visiting relatives. President  
Hughes and Secretary Duffy intended  
to leave this morning, but their going  
was delayed until this afternoon. For  
the past few days these gentlemen  
have been busily working on their an-  
nual reports, which they will present  
to the convention in full. The formu-  
lating of these reports is no small  
task and the work is rather laborious.  
The majority of the delegates will  
leave Saturday morning, making the  
trip to Philadelphia in day time and  
remaining in the Quaker City until  
Sunday evening, when they will go to  
Trenton.

Warehouse women's local No. 62  
will meet this evening in the hall on  
Washington street. This local was  
taken into the Brotherhood just a few  
weeks too late to allow representa-  
tion at the Trenton convention. How-  
ever, at the '03 convention, it is likely  
the local will have ten delegates  
present. Certainly it will if its mem-  
bership continues to grow as rapidly  
in the future as it has in the past.

At the last session of printers' and  
transferers' local No. 32, three new  
lady members were obligated and one  
printer. It is evident that the fair sex  
is taking quite an interest in the  
working of this local and within the  
past month an interest in the working  
of this local, and within the past  
month the names of a large number  
of ladies have been added to the mem-  
bership rolls.

It seems that at one time or an-  
other all the pottery workers of this  
city who take positions in new shops  
outside the city return to their for-  
mer home. The latest to follow this  
custom is John Allison, a kilnman,  
who has been working at the Sebring  
pottery at Sebring. He has removed  
his family to this city.

Collins Evans, manager of the dec-  
orating department of the Lisbon pot-  
tery, who has been in the city for  
several days, has returned to his  
home. It was said that Mr. Evans was  
in the city looking for help, but it has  
not been learned whether he was suc-  
cessful.

One matter that will be brought be-  
fore the convention at Trenton is the  
recent dispute between the finishers  
and jigglers. A member of No. 12  
has stated that he was pleased at this  
action of the finishers, as the whole  
matter could be talked over and set-  
tled finally.

Eugene Bradshaw, who has been in  
the city for several weeks, left yester-  
day for Niles, where he will remain  
several days looking into the affairs of  
the Niles Pottery company. From  
there he will go to Chicago and will  
not return until about May 15.

At a recent meeting of Jigglers' local  
No. 12, transfer cards were re-  
ceived from James Evans, from Se-  
bring, and Edward Stevens, from  
Wheeling. Both these men have been  
working in this city for several weeks.

During the absence of Recording  
Secretary George Smith, of kilnmen's  
local No. 9 at Trenton, his office will  
be looked after by Samuel Osborne.  
The gentleman will have the doings of  
two meetings to record.

Joe Pollock, who has been employed  
as a saggermaker at the Wallace &  
Chetwynd plant for many months, has  
resigned his position and can now be  
found on an East Liverpool & Rock  
Springs street car.

Miss Emma Brooke, a rubber at the  
Chetwynd plant, has been unable to  
work for several days on account of  
illness.

It is stated that the Globe is enjoy-

ing a better business now than for  
some time. This plant seems to be op-  
erating quite full and some very large  
orders have been sent there within the  
past few weeks.

W. C. Brown, one of the salesmen  
for the Dresden, who has been in the  
city for the past few days, left yester-  
day morning for a trip through the  
middle states. He will be gone about  
six weeks.

S. Keller, a scheme buyer, has been  
in the city several days placing some  
extensive business. It is stated that  
orders amounting to about four car-  
loads were left with the Thompson  
company.

Kilnmen's local No. 9, at their last  
meeting, advanced each delegate \$25,  
to defray expenses while at Trenton.  
The full number of delegates, which  
will be 10, will represent No. 9, at this  
session.

Homer Hoff, a glost kilnman at  
Brunt's, who has been ill for some  
time, has suffered a relapse, and has  
been compelled to again return to bed.  
He has been ill with rheumatism.

Raphael Turner, a kilnman on the  
biscuit end at Brunt's, is very ill at  
his home in Gardendale with typhoid  
fever. He has not been able to work  
for several days.

Jigglers' local No. 12 will send  
its delegates to the Trenton con-  
vention uninstructed. However, they  
were told to act conservatively.

H. P. Knoblock, of the Dresden com-  
pany, left Tuesday evening for Cleve-  
land, where he will remain until Satur-  
day.

## SALARY REDUCED

Health Board Decides \$60 a Month Is Too Much for Health Officer.

A called meeting of the new board of health was held last evening in the mayor's office for the purpose of undoing some of the business transacted at the first meeting which was held Tuesday evening.

In talking over matter of salaries after the Tuesday evening meeting one or two members of the board disagreed on the salary of \$60 per month for the health officer which had already been settled.

As a result another meeting was held last evening, in which the salary of the health officer was changed to \$45 per month, and instead of his being compelled to wear a uniform, it was decided that a badge would answer the purpose.

In conclusion the rules and regulations of the board were considered and prepared for amendment and adoption.

## RELAYING WATER MAIN

Clark Avenue Pipe Being Replaced. Street Railway Work Can Soon Proceed.

Work has commenced on relaying the water main on Clark avenue, the contract for which was let some time ago by the water works board, and it is thought that as there is a very large gang of men at work it will be only a short time before the main has been entirely relaid.

As soon as this has been done the street railway company's working gang will complete the work on the extension, a matter which has been delayed for some time.

## CONVICT AT LARGE

Wellsville Authorities Asked to Look Out for an Escaped Prisoner.

Wellsville authorities have been notified by officials of the Moundsville (W. Va.) prison to be on the lookout for an escaped convict named James Goodwin, better known as "Jimmy Goodwin," who escaped from the Moundsville jail on the night of April 25. A reward of \$50 is offered for his arrest.

He was sentenced to five years' imprisonment for burglary and has been in jail for nearly a year.

## A Cripple Arrersted.

A rather peculiar specimen of humanity was arrested last evening by Officers Davis and Thorn on Front street near the Third street C. & P. depot. He had but one leg and used crutches. He had been loafing around the streets all the evening in an intoxicated condition and finally was landed in the bastille. He gave his name as John Casey and said that he was a coal digger and formerly lived in Meigs county. He will be given a hearing this afternoon by Mayor Fogo.

## Appealed to Common Pleas.

The case in Squire McKenzie's court of Wilthers Bros. against the United Power company, in which John Withers, one of the plaintiffs, was given judgment for \$141.84, has been appealed by the defendant and will now be carried to the court of common pleas. This case has created much interest among Wellsville people, a large crowd having been present when it was given a hearing last week.

## Neck Shaves Cost a Nickel.

The time has now arrived when the patrons of the Wellsville barber shops will have to pay an extra five cents to have their necks shaved, and all who have wives that can wield a razor are very fortunate.

## Funeral of a Child.

The remains of the late Carl Brug-

gemeyer, aged five years, son of Mr. and Mrs. Fred Bruggemeyer, were brought here from Allegheny last evening for interment. Mr. and Mrs. Bruggemeyer formerly resided in Wellsville. Funeral services were held at 2 o'clock today from the residence of W. C. Connor on Broadway.

## Fined for Train Jumping.

A young man giving his name as Harry Fickes was arrested yesterday morning at Irondale by Railroad Detective Moore for train jumping and was brought to this city. He was given a hearing by Squire Riley and assessed the usual \$4.60, which he paid and was released.

## Wages Attached.

An attachment was served yesterday on the wages of Crawford Cole, who resides in the western part of the city and is a freight conductor on the C. & P. road. The attachment was made by W. H. Daughaday for a grocery account of long standing.

## MINOR NEWS OF WELLSVILLE.

Jack Gaus, of Wheeling, was in the city yesterday.

Miss Margaret McCormick is visiting friends in Cleveland.

E. D. Sadler, of Xenia, is in the city for a few days on business.

Miss Myrtle Runyon is ill at her home with an attack of the grip.

Edward Knupp, of Warren, Pa., was a business visitor in the city last evening.

A. J. Henthorne, of Monroe county, is visiting relatives on Nevada street.

The Misses Boyce left this morning for Chautauqua lake, where they will spend the summer.

J. D. Harris, of Baltimore, arrived in the city last evening. He will visit friends here for a few days.

Michael Broderick left yesterday for Baltimore, Md., where he has accepted a position with the B. & O. railroad.

Mrs. Samuel Kerr, of Bellevue, Pa., and her four children, are visiting her mother, Mrs. T. B. Kerr, north of Wellsville.

Jesse Todd, who has been employed in the rolling mill left for Kansas, where he will remain several months for the benefit of his health.

Blaine Roberts, a well known painter of this city, left for Salineville last evening, where he will be employed for a few days on the new pottery.

## OHIO PROHIBITIONISTS.

A Single Plank Platform Adopted by State Convention—Ticket Nominated.

Zanesville, O., May 1.—The Prohibitionists yesterday nominated a ticket, adopted a single plank platform and raised a fund of \$2,200 with which to begin the campaign, at which they expect to poll 50,000 votes at the November election. The single plank advocates won their fight with little trouble. The platform states that the party's unalterable conviction is that the immediate and utter destruction of the saloon and the absolute prohibition of the manufacture, importation, exportation, transportation and sale of intoxicants for beverage purposes is the paramount issue in American politics.

The ticket is as follows: Secretary of state, A. L. White, White Cottage, Muskingum county; board of public works, Samuel W. Dunlap, Williamsport, Pickaway county; judge of supreme court, A. L. Talcott, Cleveland; dairy and food commissioner, George A. Mace, Greenville, Darke county.

## CONDEMNED IN MISSOURI, AND

## CONFISCATED IN NEW YORK.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum baking powders, however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject and dealers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

## FRIENDS AND VISITORS

Wilbur Homer, of Bradshaw avenue, is ill with typhoid fever.

Miss Nellie Wilson left this morning for Steubenville to visit relatives.

Mrs. William Lynn, of Sixth street, is convalescent after a very serious illness.

Mrs. Nellie Bailey, of New Hagers-town, has returned home after a visit with friends.

Milo Kirkendall, of Basil avenue, is on the sick list from a severe attack of catarrh.

Miss Helen Fisher, of Fifth street, left today for Pittsburg, where she will spend a few days.

Miss Eliza Cartwright, of Sixth street, is spending a few days at Pittsburg visiting her sister.

James Clemens, of Wheeling, has arrived in the city and will visit relatives here for several days.

Mr. and Mrs. E. W. Lones, of Somerset, Pa., are the guests of Frank B. Martin and wife, Bank street.

Frank Chapman, formerly a resident of this city, but now of Monroe county, is visiting friends in this city.

William Savers has returned home from Youngstown, where he visited his sister, Mrs. George Franklin.

Mr. and Mrs. McCain left this morning for Pittsburg, where they will remain several days visiting friends.

Mrs. Charles Lowers, of Jackson street, who has been confined to her home with an attack of fever, is improving.

Mrs. Frank Dickey has gone to Ford City, Pa., in response to a telegram stating that her mother is very sick and not expected to live.

Thomas Heath left this morning for an extended visit in southern California for the benefit of his health. He was accompanied as far as Alliance by his son Ted.

Mr. and Mrs. Frank Swaney, who have been at Battle Creek, Mich., for some time for the benefit of the health of Mr. Swaney, returned to the city. The trip was very beneficial to Mr. Swaney.

Vance W. Brunt, son of W. H. Brunt, of Fifth street, a student at the military academy at Culver, Ind., and a member of Company A, of the cadets, will be among those who will act as the escort of the governor at the dedication of the soldiers' and sailors' monument at Indianapolis, May 15.

Among those who were in the city yesterday attending the funeral of Mrs. Isabelle Gallagher were Mr. and Mrs. Joseph Gallagher, Mr. and Mrs. Edward O'Donnell, Miss Lena Brier, Mrs. McCune and Miss Belle Gallagher, all of Salineville; John Gallagher, of Salem, and W. H. Fitzgerald, of Canton. All returned to their homes yesterday afternoon.

## A NEW UNION

PROPOSED BY ROCK SPRINGS STREET RAILWAY EMPLOYEES.

Not Satisfied With the Wage Decision of Their East Liverpool Brethren.

A meeting of the East Liverpool & Rock Springs street railway employees is expected to be held within a few days, at which time the new men may withdraw from the Amalgamated Association of Street Railway Employees.

It seems that they are not satisfied with the new scale agreed on between the East Liverpool line and its employees, and it is their intention to form a union of their own in Chester and apply for a charter at Wheeling.

## BOND ELECTION

Chester Citizens Voting on the Important Question Today.

The long-talked-of question as to whether or not the village of Chester will issue bonds to the amount of \$24,000 for the purpose of paving Carolina avenue from First street will be decided this evening at sunset.

The polls opened this morning at 8 o'clock. The only voting place is at the city hall on Fourth street.

Indications point to a very small total vote, and against the issue of the bonds.

## Blood Wine Can be Sampled at Drug Stores Without Cost.

### Remarkably Popular Remedy Commends Itself to Prominent Citizens.

In this age of competition it is well to be able to discriminate between the good and the bad of everything. It does not do to judge too much by appearances, for everything that glistens is not necessarily gold, or even silver, but in a great many instances simply old tin, polished up. It is hard to be mistaken when one first has an opportunity to make a thorough investigation and sample an article free of charge, before buying. This is the way the Louis Daudelin Co., of Worcester, Mass., have placed upon the market their celebrated French medical compound, "Blood Wine," and their earnest request is that everyone in ill health, to whose case their remedy is suited, shall take advantage of the privilege and satisfy himself that there are no misrepresentations, no extravagant promises, no misleading quotations and no false testimonials. The Daudelin people enjoy the respect and friendship of Massachusetts citizens and wherever else that they are known, and it is their desire to push this feeling of confidence and esteem to the four corners of the globe. Consequently "Blood Wine" bears the imprint of honor throughout.

In order that everyone may know exactly what he is buying and know just what to expect from every bottle of "Blood Wine," it is sold to every druggist with the understanding that he shall provide everyone calling, with a free sample. This enables you to test and investigate right here at home the workings of this remedy.

"Blood Wine" cures disease by beginning at the very foundation of the trouble. It undermines disease as readily as disease overcomes the normal conditions of the system. To cure any kind of disease it is necessary to commence on the vital fluid of the body—the blood. Any physician will tell you that the mortal never lived into whose flesh the germs of disease could creep when healthy blood flowed through the veins. Sores on the body, pimples and blotches are produced in the same way that sores on the lungs or in the kidneys or any other part of the body are brought on. What is consumption? Nothing but a sore, a pus-emitting, discharging sore, or mass of sores, which if you could see would remind you of any kind of disgusting sore. What causes it and what will cure it? The blood.

An impoverished, unhealthy corpuscleless blood produces all the ills that flesh is heir to. A rich, thick, healthy, active blood will cure them.

"That disease in the family has been handed down from generation to generation—it's in the blood," you hear people say and it's true.

If you don't rid yourself of a disease, you surely do hand it down to your children and grandchildren. "Blood Wine" has a wonderful medicinal characteristic.

When you take it, it seems to pass immediately from the stomach to the blood. It mingles all through the veins and into the most remote parts of the body.

It searches out disease and heals a sore no matter whether outside or inside. It cures coughs, colds and consumption (excepting when the latter is in the most advanced stage). It cures kidney troubles. It puts them in a healthy condition, thus enabling them to do their work. It takes the pains out of your back, the lameness from your sides and feet. It cures stomach troubles and indigestion. When a person has difficulty in retaining the food, when he has nausea and vomiting after meals, when the bowels become sluggish and move only spasmodically, then unsatisfactorily, and the mouth is sticky, the saliva thick and the breath bad, then is the time to take "Blood Wine" and receive almost instantaneous results. Women who need strength, who find difficulty in doing their household work, who feel all dragged out, whose cheeks are colorless and whose anemic appearance bespeaks the absence of the healthy blood, will find "Blood Wine" a positive, never-failing cure. Rheumatism, muscular and articular, and all forms of neuralgia, shooting, darting pains, dull aches, that double up the fingers and twist and bulge the joints will be relieved by the prompt use of "Blood Wine." When you take this remedy you get right at the roots of the evil and become cured to stay cured. Probably no medicine ever sold has had as many enthusiastic admirers as "Blood Wine."

We ask you to write to anyone of them, make a personal investigation, ascertain for yourself that all said about "Blood Wine" is true.

"I find 'Blood Wine' a most remarkable medicine. It has cured me of a serious attack of nervous prostration that I thought would end my life and it has made me a strong healthy woman."—Mrs. A. B. Horton, Providence, R. I.

"Anyone can take 'Blood Wine.' It's just as pleasant and palatable as a summer drink. No one would ever know from its innocent taste that it was such a powerfully aggressive opponent of disease. It contains no wine, no injurious drugs or opiates.

"As a never failing remedy for lung troubles, coughs, colds and catarrh I can truthfully say that 'Blood Wine' is the most reliable medicine I have ever tried. I say 'never failing' because I have yet to find the first case that it hasn't benefited."—B. A. Andrews, M. D., Beaumont, Boston, Mass.

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug stores.

## ANTHRACITE DISPUTE

Left to Conciliation Committee of the Civic Federation.

### MINERS AND OPERATORS MET

Their Representatives Failed to Agree, but Outsiders Believed Progress Was Made—Each Side Refused to Make Statement.

New York, May 1.—After spending two entire days in endeavoring to arrive at a settlement of their differences, the operators and representatives of the United Mine Workers of America, who were brought together by the good offices of the National Civic Federation, yesterday again referred their troubles to the committee on conciliation of that body. The time for the committee to meet for the purpose of taking the matter up had not, up to a late hour last night, been definitely settled, but the probability is that the meeting will take place either Friday or Saturday of the present week. When the committee of operators and representatives of the union adjourned sine die shortly after 4 o'clock yesterday afternoon a statement was given out which left the public as much at sea on the situation as before negotiations began. Not a scrap of official or authentic information was obtainable to show what progress, if any, had been made towards a settlement.

"Our conference with the operators," said President Mitchell, of the United Mine Workers, "has been brought to a close. According to an arrangement with the National Civic Federation, by which the conference committee was appointed, we are to report to that body at a meeting, the date of which has yet to be determined. Outside of this I cannot say a word for publication."

A little later a "general" statement was given out by the representatives of the big coal concerns at the conference. President George F. Baer, of the Philadelphia and Reading Coal and Iron company, acted as spokesman for the coal companies.

"Under the arrangement with the National Civic Federation," said he, "it was understood that the report of this company should be made to that body. The committee of conciliation of that organization will meet Friday or Saturday. Until that body meets we cannot make a report to anybody."

In answer to a question he said that this was the arrangement, whether the negotiations resulted in an agreement or a disagreement. Every effort to obtain additional information either from the operators or miners who have taken part in the conference proved futile. The operators, however, seemed in a happy frame of mind. Nor did the miners seem in any degree downcast, and the consensus of opinion among outsiders was that some progress had been made towards a settlement.

### Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 1-43-44

## QUAYITES ENGAGE A HALL

Hire It For Day Preceding Convention—Likely Intend to Lay Plans.

Harrisburg, May 1.—The board of trade auditorium has been engaged by adherents of Senator Quay for all day on June 10, the day before the Republican state convention for the nomination of candidates for governor, lieutenant governor and secretary of internal affairs. It is expected that a caucus of Quay's friends will be held during the day to ascertain their strength in the convention and map out a plan of campaign.

The senator will be one of the delegates from Beaver county. The last time he was a state delegate was in 1895, when he was elected state chairman after a bitter fight with Colonel B. Frank Gilkey, of Bucks county, who was backed by the Hastings administration and the city administrations of Philadelphia and Pittsburgh.

### FUNERAL OF J. S. MORTON

Body Interred at Nebraska City. Lay in State in Public Library.

Nebraska City, Neb., May 1.—It was a sorrowful procession that followed the remains of J. Sterling Morton to the final resting place at Wyuka cemetery yesterday afternoon. The streets were lined with people, who stood in respectful silence while the procession, headed by a guard of honor, passed through the downtown streets.

During the latter part of the day shops were closed and people took advantage of an opportunity to view the remains as they lay in state at the public library. The building was draped in black, relieved only by a profusion of palms and ferns banked around the casket. Mr. Morton always had been popular with the children, and 100 of them paid their tribute before the casket was removed to the family home.

### Passed Agricultural Bill.

Washington, May 1.—The house yesterday passed the agricultural appropriation bill and began consideration of the District of Columbia appropriation bill, the last but two in the regular supply measures. By the terms of a special rule adopted before the District bill was taken up it will be in order to attach a rider to it to make operative the existing personal tax law of the District, which has been a dead letter for 20 years. Chairman Cannon estimated that there was \$100,000,000 of untaxed personal property in Washington. The Goldfogle resolution calling on the secretary of state for information as to whether American citizens of Jewish faith were excluded from Russia was adopted.

### Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Grogginess and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

### Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col. 1-43-44

### NEWS IN BRIEF.

Senator Hanna had a long conference with Secretary Root at the war department yesterday, presumably in regard to the case of Rathbone. It is understood that when he was in Havana Secretary Root looked into that case with a view of determining the powers of the president in bringing about a retrial of Rathbone in the event that such a course shall be determined upon.

### "FIRE!" "FIRE!" FATAL

False Cries Caused an Awful Panic in a Philadelphia Factory.

### 8 WOMEN AND GIRLS KILLED.

Three Persons Received Injuries Considered Fatal—Many More Were Seriously Injured—Affair Originated in Boy Getting Hurt.

Philadelphia, May 1.—An unfortunate accident to a deaf and dumb boy, Isador Baccus, was yesterday directly responsible for the death of eight girls and young women, the fatal injury of three others and the serious injury of more than two score of girls employed in the cigar factory of Harburger, Homan & Co., a branch of the American Tobacco company, located at Tenth and Washington avenue. The dead are:

Louisa De Sepi, aged 16.  
Ida Green, aged 18.  
Annie Ford, aged 13.  
Unidentified woman, about 25 years old, whose body is at the morgue.

**Fatally Injured.**  
Mary Mesino, injured internally; skull fractured.  
Josephine O'Ronce, injured internally.

Unidentified woman, fractured skull, unconscious.  
The injuries of the others consist mainly of bruises about the body and fractured limbs.

The building in which the disaster occurred is a five-story brick structure and reaches an entire block. Twelve hundred persons were at work at the time of the accident, 90 per cent of whom were girls whose ages ranged from 12 to 25 years.

The trouble began on the fourth floor of the structure. Baccus, who was janitor of the building, started for the fifth floor for a ball of twine. The elevator was at the top of the shaft and Baccus pulled the rope to bring it down. He opened the door leading to the shaft and leaned forward to see where the carriage was. As he did so the elevator, which was descending slowly, struck him across the back of the neck, pinning his head between the elevator and the floor. A stock boy released Baccus and cried for help. The foreman rushed from the building to call an ambulance and immediately there was a panic among the employees.

**Some of the Girls Fainted.**

Some of the younger girls fainted, while others, not being able to control their feelings, cried fire. Instantly there was a mad rush for the stairway leading into Tenth street. The girls rushed down the narrow staircase until they reached a bend in the exit, between the second and third floors. In their eagerness to escape the frightened leaders fell. Others immediately following tripped over the struggling mass of humanity and in less than a minute there were hundreds of children and young women struggling in the passageway. The shrieks and screams of the terror-stricken girls could be heard for a block or more. During the excitement an alarm of fire was turned in, but before the engines could reach the scene several of the occupants of the building had rushed to the windows and jumped to the street, a distance of over 50 feet. Helen Tolini, one of those to jump, was almost instantly killed. When the firemen and policemen arrived every effort was made to quiet the terrorized girls. The firemen rushed up the stairway and begged the girls to be calm, telling them that there was absolutely no danger, but the sight of the firemen seemed only to add fuel to the flames. While the policemen and firemen were endeavoring to

quiet the girls on the stairway, ladders were being run up on the outside of the building and the employees who had climbed out on the fire escapes and window ledges, were quickly taken to the street.

After a few minutes the men were enabled to check the awful crush on the stairway, and then began the work of rescuing those who had been trampled and crushed between the second and third floors.

### SECURING OPTIONS

C. & P. RAILROAD AFTER VARIOUS CITY PROPERTIES.

Deals in Progress Which Are Likely to Be Consummated Soon.

Representatives of the Pennsylvania Railroad Company are still working about this city, taking options on property fronting on the railroad on Second street and along the Horn switch. Within the past few days the railroad company has secured an option on the E. D. Marshall property at the corner of Market street and the railroad, across the track from the Brunt Porcelain works, and a sale is expected to be consummated within a few days.

On the Horn switch the company has secured a 30 day option on the Trotter property at the corner of Calcutta road and the switch. An option has also been taken on the Hale property on West Market street. It is said to be the intention of the company to interchange sites with the Armour company, which now owns property at the corner of Union street and Pink alley. Several other options have been taken on property along Second street, and some of these options will be taken up within a few days.

When asked yesterday afternoon for a statement of how his work was progressing in this city the representative of the Pennsylvania Company, who has for several days been making daily trips from his home in Beaver to this city for the purpose of taking options on property, said:

"I am not at liberty to talk of any matter just at this time, but I expect my work in this city to be completed within the next 10 days. So far success has attained my efforts, but further I can say nothing."

### HOPE FOR ARCHBISHOP.

Traces of Pneumonia Have Disappeared and Recovery was Looked For Last Night.

New York, May 1.—No bulletin regarding Archbishop Corrigan's condition was given out last night. Dr. Keys upon leaving the sick room at 10 o'clock said his patient was resting nicely from the slight relapse of Tuesday. His temperature was normal and he was taking an interest in affairs.

All traces of pneumonia have disappeared and recovery is looked for with assurance.

### WEATHER FORECAST.

### EARLE-SMITH

Well Known Young Couple Married at the Bride's Home Last Evening.

At the home of the bride on Fourth street last evening at 8 o'clock occurred the marriage of Mr. James H. Smith and Miss Nina B. Earle. Dr. Clark Crawford performed the ceremony.

The bridal party entered the parlor, which had been beautifully decorated in green and white, to the strains of Mendelssohn's wedding march, played by Miss Georgia McClane.

The bride wore a becoming gown of foulard silk, while the maid of honor, Miss Mary Earle, was dressed in pink dimity. Mr. Charles Metzger, of Rochester, acted as best man.

At the conclusion of the ceremony, to the merry time of bells and tin cans in the hands of a crowd of serenaders outside the house, the bride and groom received the hearty congratulations of the guests assembled. A delightful wedding supper was served. The bride and groom were the recipients of many beautiful presents. Mr. and Mrs. Smith will reside on Washington street.
